

**SPEND MONEY HERE;
HELP THE REDCROSS****Rush County People Can Aid War
Relief Campaign by Patroniz-
ing Merchants Next Week****A SCHEME TO RAISE MONEY****Most of Business Men Agree to Don-
ate 2 Per Cent of Cash Sales
And 1 Per Cent Collections**

Every person in Rush county can do their mite towards raising the Red Cross war Relief Fund allotment in Rush county next week by patronizing Rushville merchants because with few exceptions the business men of this city have agreed to donate two per cent of their gross cash sales and one per cent of the accounts collected next week to the fund.

Ninety merchants have already entered on the agreement. Others who wish to should see R. L. Tompkins or Jack Knecht.

The more business they do, just that much more will be contributed to the county's share of \$10,500 and just that much easier will it be for the county to come up with her apportionment. Rush county's reputation has suffered in the Liberty Loan subscription campaign and it is hoped by everyone that a hearty response of the people to the Red Cross appeal will in a measure remove the opinion current throughout the state that Rush county patriotism is not up to the standard.

The allotment for the congressional districts in the state was announced in Indianapolis yesterday. The sixth district is supposed to raise \$81,000. Rush county's apportionment has already been fixed at \$10,500, revealing that it has shouldered its full share of the district quota because there are eight counties in the district.

The specific purposes to which the Red Cross expects to donate the \$100,000,000 it has asked the American people to contribute are enumerated in a statement made public today by Henry P. Davison, chairman of the war council of the Red Cross.

President Wilson has set aside the week of June 18 to 25 as Red Cross week, and Mr. Davison hopes to obtain contributions for the full amount of the \$100,000,000 war service fund during that week.

"Our first obligation is to render such service as comes within the provinces of the Red Cross to our soldiers and sailors at home and abroad," the statement says.

"Consideration of the vastness of this undertaking alone as compared with any other situation ever known to us will impress one with the im-

possibility of forming a definite budget or specifying in particular the amount of money required to care for our countrymen.

"After making every provision necessary for this purpose, our endeavors will be to supplement the efforts of our allies in caring for their sick and wounded.

We shall help provide the bare necessities of life to the homeless in devastated France, to aid them to rehabilitate themselves and thus strengthen the man-power of the French army."

"We shall strive to hearten Russia by providing for the sick and wounded along the battle front. We shall try to succor the homeless and wandering people of Poland, Lithuania and Western Prussia.

"We hope to extend aid to those who are fighting the battles of liberty in Rumania, Serbia and Italy—indeed to relieve human misery everywhere among our allies.

"We have set \$100,000,000 as the minimum of our needs. It is evident that we could use many times that amount. To administer these funds economically and efficiently we are developing an organization headed by some of the most competent and experienced business men in the country. They serve without pay.

**PROPOSE COURSE
IN SALESMANSHIP****Dry Goods Dealers Here Report
Sentiment For Such Instruction
in The High Schools****POINTED OUT AS PRACTICAL**

That the question of placing a salesmanship course in the high school may be presented to local school authorities before the beginning of the next school year is predicted by dry goods dealers here who attended the meeting of Indiana Retail Dry Goods Merchants association in Indianapolis yesterday.

The agitation for such a course, which is held to be more practical than book-keeping and stenography course since more high school graduates become salesmen than book-keepers or stenographers, got under way at the meeting of the retail merchants.

A woman teacher from the vocational department of the Lafayette high school will present the subject to the high school principals and school superintendents attending the summer school at Indiana university and in this manner bring it before the school authorities in a formal way.

Hugh E. Mauzy, E. R. Casady and Paul Allen, who is managing a store belonging to him and Mr. Casady in Danville, Ind., attended the meeting.

**HARDING OF OHIO
WILL SPEAK HERE****Only Speech of Republican District
Campaign Will be Made in
Rushville Friday, June 22****WATSON TO SPEAK 5 TIMES****Senator Gives Out Statement in In-
dianapolis Showing How Repub-
licans Stood by Government**

Tentative arrangements for the republican campaign in behalf of Richard N. Elliott, the party's candidate for congress to succeed D. W. Comstock, were made yesterday at a meeting in Indianapolis of the county chairmen. Besides the county chairman Mr. Elliott, Will Hays, state chairman, Jack Henley, secretary of the state committee and Senator Watson, attended the meeting.

It was agreed that Senator Watson will make five speeches in the campaign starting next week. The assignments will be made through the congressional campaign committee. Among the prominent men who will campaign the district are Senator Hiram Johnson, California; Senator Wesley Jones of Washington, Senator Warren G. Harding of Ohio, Senator Curtis of Kansas, Senator Wadsworth of New York, Representatives Bland and Wood of Indiana, Rothenberg of Illinois, Kelley of Michigan and Fess of Ohio.

It was practically agreed that Senator Harding will speak in Rushville on the night of June 22. This will likely be the only local speech of the campaign. Senator Jones of Washington will probably speak in Carthage on the night of June 19. These dates were simply set subject to the senators themselves and if they cannot come here on those dates the time will be changed to their convenience.

In a statement given out in Indianapolis Senator Watson said:

"Naturally either candidate elected will stand by the government during the war. I take it that both candidates are for the prosecution of the war to a finish and that each would stand by the government to the limit. On my part I expect to make the same kind of campaign I did recently in New Hampshire where I said that it did not make any difference whether a republican or democrat was elected as far as their standing by the country in war-time was concerned.

"But I pointed out in New Hampshire as I will in the Sixth district, that the president would have been in deep trouble indeed if the republicans in congress had not stood by him. Speaker Clark left his place to oppose the president's program.

"Representative Kitchin of the ways and means committee, the house democratic floor leader, was opposed to a part of the war program. Chairman Dent and other democratic members of the committee on military affairs opposed the conscription bill. The president had to rely on Representative Kahn of California, a republican, to put through the conscription bill.

"We are all standing by the government for the prosecution of the war but republicans can show that the republicans in congress and the senate stood by the president in time of need. Therefore, there is no reason why the sixth district should not send a republican to congress.

"I believe that before the president's term expires the present war will be ended. Therefore, it is necessary to elect a man to congress who will serve the country best in times of peace. I am going to make a campaign along these lines and I think that the other speakers will do the same."

Alva Osborne is opening a tailor shop in the vacant room back of Pitman & Wilson's drug store.

**CAMPAIGN WILL
END VERY SOON****Bankers Receive Word to Have All
Liberty Loan Subscriptions in
Friday Noon.****BOY SCOUTS SELL \$1,000 WORTH****Make Back Calls Today For Those
Who Were Undecided—Will
Canvass Glenwood Tonight.****Ask Bells Be Told
Every Hour From 3 To
10 P. M. On Flag Day.**

Earl H. Payne, chairman of the Rush county bankers association, has received a letter from the Liberty Loan committee urging that all school house and church bells be tolled for five minutes at the beginning of each hour from 3 p. m. to 10 p. m. tomorrow which is Flag Day.

Earl H. Payne, chairman of the Rush County Bankers association, received word this morning that all subscriptions to the Liberty Loan should be in the hands of the federal reserve bank at Chicago with a two per cent payment by 12 p. m. central time, Friday, June 15. This means that the banks of the county have to wind up the campaign shortly and let the federal reserve bank know by midday Friday.

Mr. Payne also received another letter from the Liberty Loan committee urging that every church and school house bell in the county be rung for five minutes at the beginning of each hour from 3 p. m. to 10 p. m. in the interest of the campaign. The demonstration will have special significance because June 14 is Flag day.

Subscriptions amounting to one thousand dollars to the Liberty Loan were realized yesterday as the result of the first canvass of the city by the Boy Scouts. They started out again this morning at nine o'clock for a second canvass to call on persons who yesterday said they would think the proposition over and determine by today whether they would invest in a Liberty bond.

One of the tangible results of the Boy Scouts canvass yesterday was a subscription of \$400 from the Pastors Aid Society of the Main Street Christian church. The two boys receiving credit for making this sale were Harry Lee and William Pugh. In addition to that \$400, there was \$100 bond sold as the result of the Scouts canvass, and the remainder of the thousand was in \$50 bonds. The Boy Scout who gets credit for subscriptions amounting to \$1,000 receives a war medal and many of the boys are working with that thing in view.

A quartet of Boy Scouts went to Glenwood this afternoon with full equipment prepared to stay all night and make a canvass of the town for the Liberty Loan. They expected to arrive in time to set up their camp, eat supper and distribute their literature this evening. In the morning they will visit Glenwood homes again, after having given the people all night to think over the proposition. The boys who went to Glenwood were Ruell Bennett, William Pugh, Glen Sommerville and George Morgan. They may make the same sort of a canvass in Milroy tomorrow evening.

It was reported by the bankers organization today that Rush county is still many thousand dollars short of her allotment, though the bankers have invested heavily for themselves and have urged their customers to do the same thing, with no profit to the banks. The bankers are co-operating to the fullest extent in the campaign and urge citizens to buy the bonds as their patriotic duty and are recommending them as a splendid

TWENTY MEMBERS ADDED**Three More Red Cross Meetings Be-
sides One at Gowdy Last Night.**

Twenty new members were added to the Orange township auxiliary of the Red Cross at the meeting last night at Gowdy, which was addressed by E. B. Thomas and Robert E. Mansfield. The Orange auxiliary was organized at Moscow several days ago. The delegation from here went in Mr. Mansfield's machine.

A meeting will be held at New Salem tonight to organize an auxiliary. A Red Cross meeting has also been arranged for the Plum Creek Christian church next Sunday afternoon and for Glenwood next Sunday evening.

**MORE SUITS AGAINST
THOMAS E. BOTTORFF****Six Filed Against Operator of En-
terprise Milling Co. of Milroy,
Charging Conversion****GRAIN APPROPRIATED, CHARGE**

Six more suits were filed in circuit court today against Thomas E. Bottorff, operator of the Enterprise Milling company at Milroy. The suits are for conversion, it being alleged in each complaint that Bottorff appropriated the grain of the plaintiffs for his own use and refuses to settle.

John W. Davis demands \$700; Jesse A. Miller, \$450; Isaac Dearing, \$1,150; Omer Thomas, \$575 and Carey O. Patton, \$1,000. Each of the men claim to have received a warehouse receipt for the wheat they delivered to the elevator. Davis says he deposited 260 bushels of wheat; Miller, 160 bushels; Dearing, 320 bushels; Thomas, 209 bushels and Patton, 700 bushels. Young and Young represent all of the plaintiffs except Patton, who is represented by A. L. Gary.

**MILROY GETS NEXT
DISTRICT MEETING****W. E. Wagoner is Re-elected Presi-
dent and Ray Kelley Secretary
at Connersville Today.****LOCAL PEOPLE TAKE PART**

W. E. Wagoner of Milroy was elected district president of the Epworth League, which closed its annual convention at the First Methodist church at Connersville at noon today. It was also decided that the next annual meeting should be held at Milroy.

Approximately twenty persons from the county were at the convention at various times. The convention opened Monday night. Miss Frances Frazee of this city conducted a model devotional meeting at this morning's session and a girl's quartet from here composed of the Misses Mary Louise Poe, Mary Louise Bliss, Katherine Wooden and Katherine Guffin sang at the closing session.

Ray Kelley of Milroy was elected district secretary and Ophir Klipple of Brookville, treasurer. The following cabinet officers were elected: Miss Mabel English of Shelbyville, Miss Favors Lower of Pleasant Ridge, Miss Frances Frazee of this city and Miss Clara Houseworth of Centerville. The cabinet will meet here June 30 to make plans for the year.

ONE INDICTMENT.

The grand jury returned one indictment yesterday afternoon before adjourning. No arrest had been made up until a late hour this afternoon. No date has been set for the next session of the grand jury.

**WILL ENFORCE NEW
DIMMER LAW HERE****Police Believe All Automobile Own-
ers Have Had Time to Learn of
Its Provisions****TWO METHODS ARE PROVIDED****Machines Must Be Equipped With
Lens to Diffuse Light or Device
To Dim Front Lights**

There are many automobile owners in Rushville and Rush county who have failed to comply with the dimmer law now in effect. The law has been in effect since May 30 and the police believe a majority of the auto owners are aware of the act. No time limit will be set by the police here for enforcing the law as they say the auto owners have had plenty of time to get ready for the law going into effect and because of this it would not be surprising if wholesale arrests are made.

The law provides that the headlights of motor vehicles shall be equipped with some efficient device whereby the rays of light projected are broken up and diffused to such an extent that the rays of light will not interfere with or bewilder the vision of the driver of an approaching vehicle.

If the machines are not equipped with lens that diffuse the rays of light, then under the law they must have a dimmer device so that the front lights of the machine may be dimmed or lessened at the will of the driver so that the rays will not interfere with the vision of the driver of an approaching machine or vehicle.

The use of the spot light, used by many drivers in a careless manner, is restricted by the law. The law governing the spot light follows: No spot light shall be used on any motor vehicle, or other vehicle, upon the public highways of this state while approaching or passing another vehicle going in an opposite direction unless the said spot light shall be carried and used at such an angle on such motor vehicle, or other vehicle, as will project rays of light therefrom on the ground in front of such vehicle, or other vehicle and at a distance not exceeding fifty feet in front of same.

Violations of the law are punishable with a fine not less than \$5 nor more than \$20 for the first offense and for any second or subsequent offense may be fined in any sum not less than \$5 nor more than \$50.

NEW TRIAL IS REFUSED**Judge Overrules Motion in Suit of
Smith Co. Vs. J. E. Hinchman.**

Judge Sparks overruled a motion for a new trial today in the suit of the T. and H. Smith Company against James E. Hinchman on a note. When the case was originally tried the plaintiff was given a judgment of \$81.03.

By an order of the court James Wright is to pay Maggie Wright the sum of \$3 a week for support, pending the outcome of his divorce suit.

RETURNS TO WASHINGTON.

Senator James E. Watson returned to Washington this afternoon and will not come back into this district until shortly before the special election June 26. He did not address the soldiers at Fort Benjamin Harrison last night as it was expected he would, but will speak to them a week from next Friday evening.

ST. MARY'S COMMENCEMENT.

A large crowd attended the annual commencement exercises of St. Mary's school last night. The music students gave a program, followed by the class play, "Strategy." Five received diplomas for studies and fifteen for penmanship. The diplomas were awarded by the Rev. Father Lyons.

**Patriotic, Christian Duty of
Every Person to Contribute**

(By ROBERT E. MANSFIELD)

The campaign to be inaugurated on Monday June 18, and continuing for one week, by the Rush county chapter of the Red Cross Society, for the purpose of raising the quota apportioned to this county of a fund of one hundred million dollars to be raised in the United States as a special fund to be used in caring for American soldiers and seamen engaged in this war, and for assisting our allies along these humanitarian lines, should have the co-operation and generous assistance of every patriotic citizen in the country.

Appreciating the importance of this great work, and the necessity of encouraging the Red Cross Society in its endeavors to provide proper protection and relief for the wounded and stricken soldiers on the battle field, and in the trenches, the President has appointed a war council, and a special finance committee

which has in charge the plans for creating, and also the handling of the money raised in the United States for war purposes, to be used through the Red Cross. The chairman of the war council is Henry P. Davidson of J. P. Morgan & Company, and the committee is composed of some of the ablest financiers, and most successful business men in the United States, including ex-president Taft; Robert S. Loveland; chairman of the executive board of the Union Pacific Railway; Cornelius N. Bliss of New York, Grayson P. Murphy, and others whose reputations in the industrial, financial and commercial world are such as to insure the most economic and successful management of the funds. They are men of big affairs, accustomed to organizing the directing enterprises of large proportions;

The Tractor You Can Afford to Buy

If you are supporting from four to six horses in idleness nine months of the year, giving up 20 to 30 acres of your land to raise horse feed instead of marketable crops, you know what this means.

Moline-Universal Tractor

Does all the field work, including the cultivating and harvesting. Belt power up to 12 h. p. It plows deep, at the right time—in half the time.

Has the pulling power of five horses, the working capacity of seven because of greater speed and endurance, and eats only when it works.

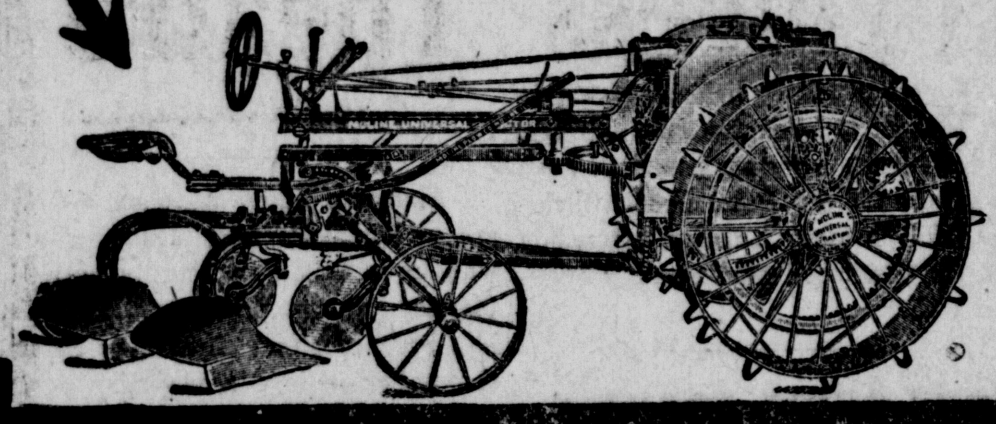

Strictly a one-man machine—drives easier than a team from the seat of the implement pulled.

A proven success. Backed by a \$19,000,000 concern with 51 years satisfactory service to the farmers of America.

For further information see

WALTER G. DUKE

THE MOLINE LINE INCLUDES
Corn Planters, Cotton Planters, Cultivators, Grain Binders, Grain Drills, Harrows, Hay Loaders, Hay Rakes, Lime Spreaders, Mowers, Plows (chilled and steel), Respers, Scales, Seeders, Stalk Cutters, Tractors, Farm Trucks, Wagons, Vehicles.

Senreco

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

I am using Senreco myself. Gums have improved wonderfully. Birmingham, Alabama, Mar. 20, 1917.

I find Senreco a great help in my work. Rochester, N. Y., Feb. 7, 1917.

I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement. Chicago, Ill., Mar. 10, 1917.

Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it. Philadelphia, Pa., Jan. 22, 1917.

I find Senreco very beneficial.

I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco. Columbus, Ohio, Oct. 20, 1916.

Am well pleased with Senreco—so are my patients.

Senreco is the best tooth paste in use this day. Buffalo, N. Y., Oct. 18, 1916.

Try this remarkable dentifice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.

INSPECTORS FOR ELECTION NAMED

Machinery is Now Ready For Vote
On June 26 to Elect Congress-
man in District

PRELIMINARIES OUT OF WAY

Inspectors Appointed by County
Chairman Riggs and Will be
Certified by Commissioners

The election machinery in Rush county is now ready for the special election on June 26. The inspectors were named today by Fon Riggs, republican county chairman and will be certified to the county commissioners for ratification. The commissioners will meet the Saturday before the election to fill any vacancies on the election boards.

With the printing of the ballots, the posting of notices and the appointment of the inspectors, the preliminary steps towards holding the election are out of the way. The inspectors follow:

Ripley—No. 1, James Terhune; No. 2, Irvin Hill; No. 3, Jesse Henley.

Posey—No. 1, Frank Lawrence; No. 2, Floyd Woods.

Walker—No. 1, Donald Mull; No. 2, J. L. Smith.

Orange—No. 1, Gus Riley; No. 2, C. H. Ward.

Anderson—No. 1, Frank McCorkle; No. 2, John D. Kinnett.

Rushville—No. 1, E. L. Kennedy; No. 2, James V. Young; No. 3, John H. Frazee; No. 4, M. V. Spivey; No. 5, George E. Muire; No. 6, Washington Allen; No. 7, James E. Naden; No. 8, R. H. Berry; No. 9, Samuel Young; No. 10, George Heim.

Jackson—Joseph Stevens.

Center—No. 1, W. A. Lord; No. 2, D. H. Gilson.

Washington—No. 1, Charles Elwell; No. 2, Ed V. Jackson.

Union—No. 1, R. J. Jarrett; No. 2, Marshall Hinchman.

Noble—No. 1, Roscoe Titsworth; No. 2, Lon Ryon.

Richland—Ed Farthing.

As an automobile purchaser you are interested in just six things: Appearance, Reputation, Durability, Performance, Service, Price.

APPEARANCE

The Oldsmobile Eight is as neat and trim as a deer. It is distinctive in every line; it attracts attention everywhere. Its 17-coat luster finish, beautiful trim and luxurious upholstery make it a car you will be proud to own.

REPUTATION

The name "Oldsmobile" in itself is a guarantee. The car is built by a factory organization of trained men, many of them nineteen years in Oldsmobile service, who have a knowledge only of the construction of a high-grade car. By reason of increased production and the elimination of well known extravagances, over one hundred high-grade automobiles are created daily under the same rigorous standards and inspection which have always been associated with the name "Oldsmobile." Where else, indeed, would one look for a car enjoying the continuous favorable reputation accorded the Oldsmobile?

DURABILITY

The same high standard of material and workmanship exacted through all these years of quality building enter into the Oldsmobile Eight. Oldsmobile

reputation is a veritable bond to you for honest product and durability. Its prestige is built on years of creditable road operation.

PERFORMANCE

Remarkable flexibility, fascinating smoothness of overlapping power impulses, abundance of reserve power, rapid acceleration from snail's pace to limited's speed, freedom from vibration—all characteristic eight-cylinder construction—are perfected to highest degree. The comfort of the car is a revelation; the resiliency of the springs and Marshall cushion comfort upholstery contribute riding qualities unknown in cars of the same price class.

SERVICE

A twelve months' guarantee is back of each Oldsmobile. Service stations will be found everywhere. The accessibility of the eight-cylinder motor enables quick access to working parts and at a minimum expense. Likewise all mechanical units are readily get-at-able.

PRICE

Not several thousands or some other prohibitive amount, as demanded for most cars of its quality class, but simply \$1367.00 f. o. b. Lansing.

Special Refrigerator Sale

Owing to lack of room, I have decided to discontinue my line of Refrigerators and Ice Boxes. If you are going to need one this season or next, come in and look these over while the assortment is good. I will sell you one at much below the market value. This stock includes the Leonard Cleanable and other standard makes.

Also a number of large ice boxes especially adapted to farm use.

GUNN HAYDON

A Market That Steadily Renews Itself

The works in which the car is produced have grown till they are almost a city in themselves.

But when the satisfaction of the market seems to be in sight, the horizon of that market widens and draws itself still farther away.

The reason for it all is so simple that it sounds almost absurd.

That simple reason is that the goodness of the car is seldom called into question.

The thoughts about it are the same thoughts in thousands of minds.

The market grows by what it feeds on—and what it feeds on is the performance of the car.

Deep and abounding satisfaction surrounds the sale and the use of practically every car that leaves the works.

Dodge Brothers are among the largest producers in the world.

But they will never imperil their production by sacrificing quality to mere quantity.

For that reason we believe the condition will always be what it is now.

We believe the goodness of the car will always produce a demand it will be impossible to entirely supply.

It does not look as though the market for this car could ever be entirely satisfied.

That sounds like a strange statement, but there is a sound reason for making it.

A shortage has continued now, for two years and a half, in the face of a large and steady increase in output.

The shortage may not be local, or sectional, or seasonal, but it is national, universal and continuous.

Unlimited production is not consistent with Dodge Brothers scrupulous methods of manufacture.

They must always give to their car that over-care which the public expects from them.

It is the root, and the source, and the reason for that very steadiness of demand we are describing.

They will never go beyond a production point which might place their reputation in jeopardy.

A more remarkable recognition of merit on the part of the public it would be difficult to conceive.

Every increase in production is comfortably absorbed in an increased market.

—Scott Hosier visited in Indianapolis today on business.

—Mrs. John Worthington was among the visitors to Indianapolis today.

—Mrs. Laura Lewis and son John were among the visitors to Indianapolis this morning.

—Homer Nash accompanied his brother-in-law Leslie Hinchman to Martinsville, where he will take treatment for rheumatism.

—Grand M. Carr has returned to his home in Indianapolis after a visit with his mother, Mrs. America Carr and sister, Mrs. Della Dunn.

—Seigle Vaughn returned to Newcastle, today to resume his work in the Maxwell Co., after a week's visit with his parents, Mr. and Mrs. William Vaughn of Henderson.

—Mr. and Mrs. Clint L. Scott and daughter Donna Louise of Lucas, Kan., went to Indianapolis for a few days visit before returning home.

—Mr. and Mrs. Alfred Senior returned to their home in Terre Haute today. They were accompanied by the Misses Mary and Esther Anderson, who will remain for a week's visit.

TO OFFER COURSE IN FOOD PRESERVATION

Purdue University Will be First Institution in Country to do Anything of This Sort

IS ADDED TO SUMMER SCHOOL

Purdue University will be the first institution in the country to offer courses in food preservation. The courses are to be added to the curriculum of the summer school for teachers which lasts from June 18 to 23. The work in the courses in food preservation has been outlined by a committee composed of President Winthrop E. Stone; G. I. Christie, state food director; O. S. Fisher, States Relations Service, United States Department of Agriculture; and Prof. Mary L. Matthews, of the home economics department of Purdue University. The school will be attended largely by supervisors of girls' clubs of Indiana, emergency food agents co-operating with Purdue and the United States Department of Agriculture, and vocational teachers promoting home projects. The instruction is to consist of lectures and practical demonstrations in canning, drying, pickling, storing and other methods of preserving food products. The arrangement of menus, problems of serving and other practical questions will be given due consideration. Those attending the school will be sent to various communities throughout the state to give instructions in food preservation.

LIBERTY LOAN CAMPAIGN WILL END VERY SOON.

Continued from Page 1.

investment. Frank A. Banderlip, president of the National City bank of New York, says he can conceive of no condition after the war in which these bonds will not bring a premium.

CATTLE SELL WELL

The Boyd and Dixon sale of Jersey cattle held this afternoon at the John F. Boyd farm in Jersey City attracted many foreign buyers and a large crowd was in attendance. Fifty-five head were to be sold. Early prices indicated a successful sale. One animal brought \$500 and another \$400. Col. Perry, remembered here for his work in the last wet and dry campaign, was the auctioneer. The sale was managed by J. V. Cotta of Crawfordsville.

The funeral services of Mrs. John Walsh, who died yesterday in Louisville, will be conducted Friday morning at ten o'clock at the residence of Joseph Coffman in West First street and burial will take place in East Hill cemetery. The remains will arrive here tomorrow morning at 11:15 o'clock from Louisville.

Easy And Profitable Job

The State Council of Defense is interesting itself in everything for the good of the country in prosecuting the war. Just now its attention is centered on the Liberty Loan campaign, which closes the night of the fifteenth. George Ade, chairman of the publicity committee, has sent out a statement, showing that the Liberty Loan is the third test of Indiana loyalty since the war began.

The Indiana Council of Defense urges every Hoosier who can do so to invest immediately in a bond of the Liberty Loan issue.

You do not have to go through any long rigamarole or ceremony.

Have a talk with your banker.

He will tell you how to enter your subscription and he will explain why the purchase of a bond is a good investment.

Do not hold off because you have no large sum to invest.

Remember that when you buy a bond, you are performing a patriotic service and you are getting something that never can shrink in value.

Indiana set an example to all the Union when enlistments were called for.

The state made another fine showing on registration day.

Now comes the third test of Indiana's loyalty.

Hundreds of loyal citizens, who had good reason for not enlisting and who were too old to register, now have a chance to do their share.

Don't depend upon a few wealthy citizens or some man living around the corner to perform a duty which is squarely upon you.

An interest-paying bond with Uncle Sam as security isn't that gilded enough to suit any one?

The State Council of Defense is sending out this appeal because Indiana must subscribe not only a large total but must line up a host of subscribers.

If the bonds had been issued in large denominations and turned over to banks and corporations, the government would have been criticized for failure to recognize the investor of small means.

Ever since you can remember, you have longed to be a bond-holder.

Now is your chance.

Every shrewd business man in America is subscribing to the Liberty Loan.

Later on you will be asked to make sacrifices.

Now you are given the privilege—the privilege of getting in on a profitable investment.

Take advantage of it.

Make Labor Fashionable

One prominent American editor sounded a vital note when he suggested that our people should "make economy fashionable." That was a wise suggestion and one that should be heeded by our professional high livers.

But to it we wish to add this advice: **MAKE LABOR FASHIONABLE!**

Put the two virtues side by side in double harness all over this country during the days that are coming, and the United States will easily come into her own.

Seek to disguise it as we may, our

country, when this war began, was fast drifting toward a loafer's paradise. Thousands of our young men have been reared in idleness, with not the faintest conception of the true dignity of manual labor. Starting with sons of wealthy parents, it extended downward in the scale of society, as class after class attempted to imitate those financially above them, until not only was there among all classes a physical aversion to honest toil, but the very idea seemed to carry with it a sense of inferiority and degradation.

Aside from the deplorable causes producing it, the present national campaign of production is the salvation of our country in more ways than just that of providing food for the world. It will make the useful citizens of boys who were fast becoming degenerates from the need of a serious object in life. It will give vital force to the academic teaching of the honor and dignity of labor. It will toughen muscles long unaccustomed to exertion, and will transform weaklings into that which the Almighty intended they should be—MEN. Vital, forceful, red blooded MEN.

No great forward stride of any people is ever accomplished without great sacrifice. When our revolutionary fathers conceived the vision of a great nation that should exemplify to the world the blessings of peace and liberty, they made great sacrifices, and made them willingly. Until the entrance into this war their descendants were in danger of losing sight of that grand vision through the curse of too great plenty of the creature comforts.

But we are awake at last. True, it took a world-wide calamity to arouse us; but once aroused, we are going to take a different view of man and his mission.

When we come into our own—which we will do when we have won the conflict before us—we will discover that the glory of man lies in EFFORT and ACHIEVEMENT for their OWN sakes, rather than in the enjoyment of their fruits.

The Russian government apparently is in a quandary. It wants to know who is the government.

The government has just contracted for seventeen million dollars worth of shoes, going to war is the only way to get a pair.

ANNUAL FESTIVAL OF ROSES OPENS

Portland Event Will Be On in Full

Swing When President Touches Electric Button

PATRIOTIC DEMONSTRATION

Portland, Ore., June 13—The annual Rose Festival will be formally opened tonight when President Wilson, at the White House in Washington, presses an electric button turning on thousands of electric lights at the festival center in Portland, 4,000 miles distant.

In keeping with the spirit of the times, the festival which closes Friday, will be in the form of a huge patriotic demonstration.

Civic, business and patriotic organizations from numerous Northwestern cities are represented by marching clubs for the various parades.

In Court of Patriotism, surrounded by a lavish display of roses, stands a large replica of the Statue of Liberty, made entirely of flowers.

A patriotic pageant, in which the growth of human liberty from the granting of the magna charta to the present will be symbolized, is but one of the many features of the festival.

Pay Telephone Toll.

Don't overlook to pay your telephone toll before June 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, 68110. Secretary.

A Few Summer Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles For Making a Success of the Home Vegetable Patch.

III. PROPER THINNING OF GARDEN PLANTS IMPORTANT

Do not allow garden vegetables to crowd each other in drills or rows. This is a bit of timely cultural advice offered to home gardeners by specialists of the United States Department of Agriculture. Unless each plant has adequate room for development and a chance to receive all the sunlight, air, moisture and plant food which it needs, the specialists point out, it will be stunted and its contribution to the food supply of the family therefore will

be low in quantity and inferior in quality.

It is well enough to plant seed more thickly than the plants should grow, to allow for faulty germination and losses, it is explained, but the mistake of allowing the crops to grow as thickly as they come up must not be made. A good time to thin out surplus plants is a few weeks after the plants have come up, when they have become large enough to show which are most

thrifty, and before they have begun to crowd seriously. Wherever possible, the thriftiest plants should be left.

In thinning lettuce and beets, some of the best rooted plants may be set out to fill up any spaces which may have occurred in the drills. Lettuce also may be permitted to grow fairly large before thinning, and the surplus plants eaten. The plants should be from 2 to 3 inches apart at the first thinning, and before the plants crowd a second thinning should be made which will leave the plants from 6 to 8 inches apart. The plants removed at the second thinning should be large enough for table use. Garden beets should be gradually thinned to 6 or 8 inches apart, the plants pulled being used for greens. For this purpose the whole plant is used. Young turnips may be used in the same way.

Radishes usually are not thinned until they are large enough to be eaten. Radish tops also may be cooked as greens or, if especially tender, may be used in salads. If

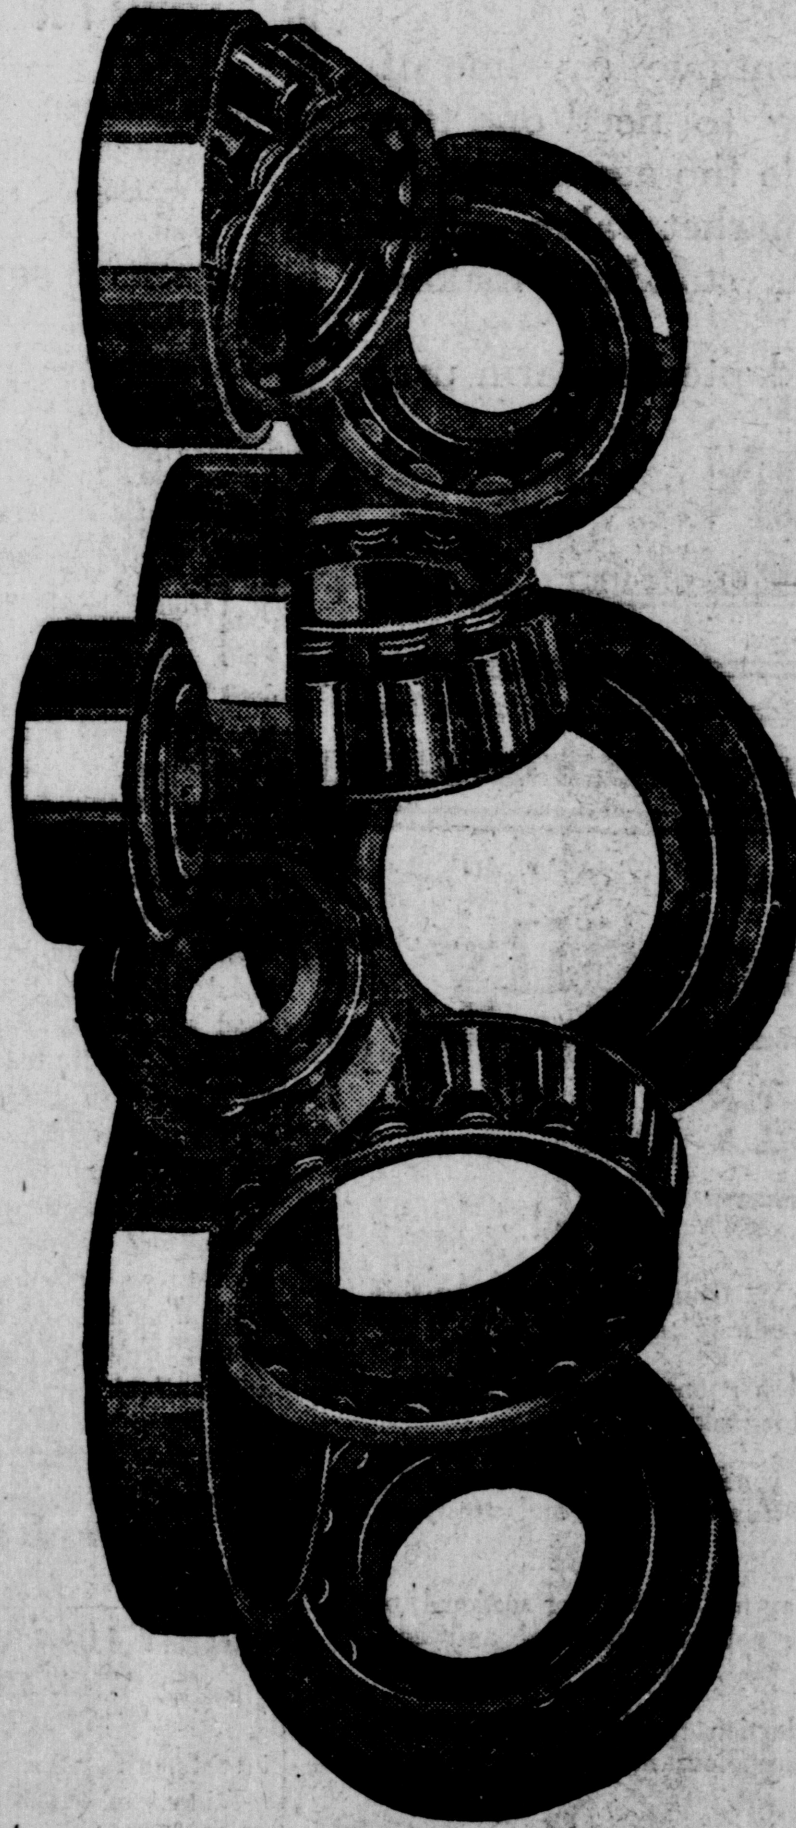

radishes have been planted to mark drills of parsnips, carrots or other slow-growing vegetables, they should be removed before they crowd the permanent occupants of the drills.

Onions should be thinned before they reach a quarter-inch in diameter, and should be left about three inches apart.

Turnips, carrots, parsnips and beets usually are left 3 to 6 inches apart. If they are to be harvested while fairly small they may stand somewhat closer.

Thin hills of muskmelons and cucumbers to 3, or at the most 5 plants. Only 2 or 3 pole beans should be left to each hill.

In all thinning operations choose, if possible, a time when the ground is mellow so that little damage will be done to the plants that remain. If the ground surface about the plants to be thinned is hard, wet it thoroughly long enough before operations are begun to allow the moisture to soak to the ends of the roots.

Reo Bearings Are "50% Oversize"

HEREWITH WE SHOW THE BEARINGS—Timken and Hyatt "Quiet" types—that go into Reo the Fifth.

NOT FULL SIZE HOWEVER—space doesn't permit. Cuts show them less than 5% actual size.

YOU KNOW WE SAY we put "50 per cent oversize" in all vital parts of Reos—such as engine, crank shafts, cam shafts, axles, driving shafts, gears, bearings—yes, even the spokes in the wheels.

WELL, HERE'S SOMETHING interesting in that connection.

RECENTLY WE MADE a little investigation—comparisons between the bearings we use in Reo the Fifth and bearings used in other so-called "five-passenger" cars selling for about the same and lower prices.

NOW THERE WASN'T 25 PER CENT difference in price between the lowest and Reo—not 10 per cent in the case of some others. But—

WE DID FIND—and it surprised us too, even as it will astonish you—that Reo bearings were not only "50 per cent oversize"—50 per cent greater in carrying capacity according to the makers' own standards and estimates—but that, in practically every case, the difference was as 2 is to 1, and in others 3 to 1, 4 to 1, 5 to 1, and even 6 to 1—in favor of Reo.

AND THE SAME IS TRUE of the New Reo Six by comparison with the light, flashy, "flimsy" Sizes of which you hear so much nowadays.

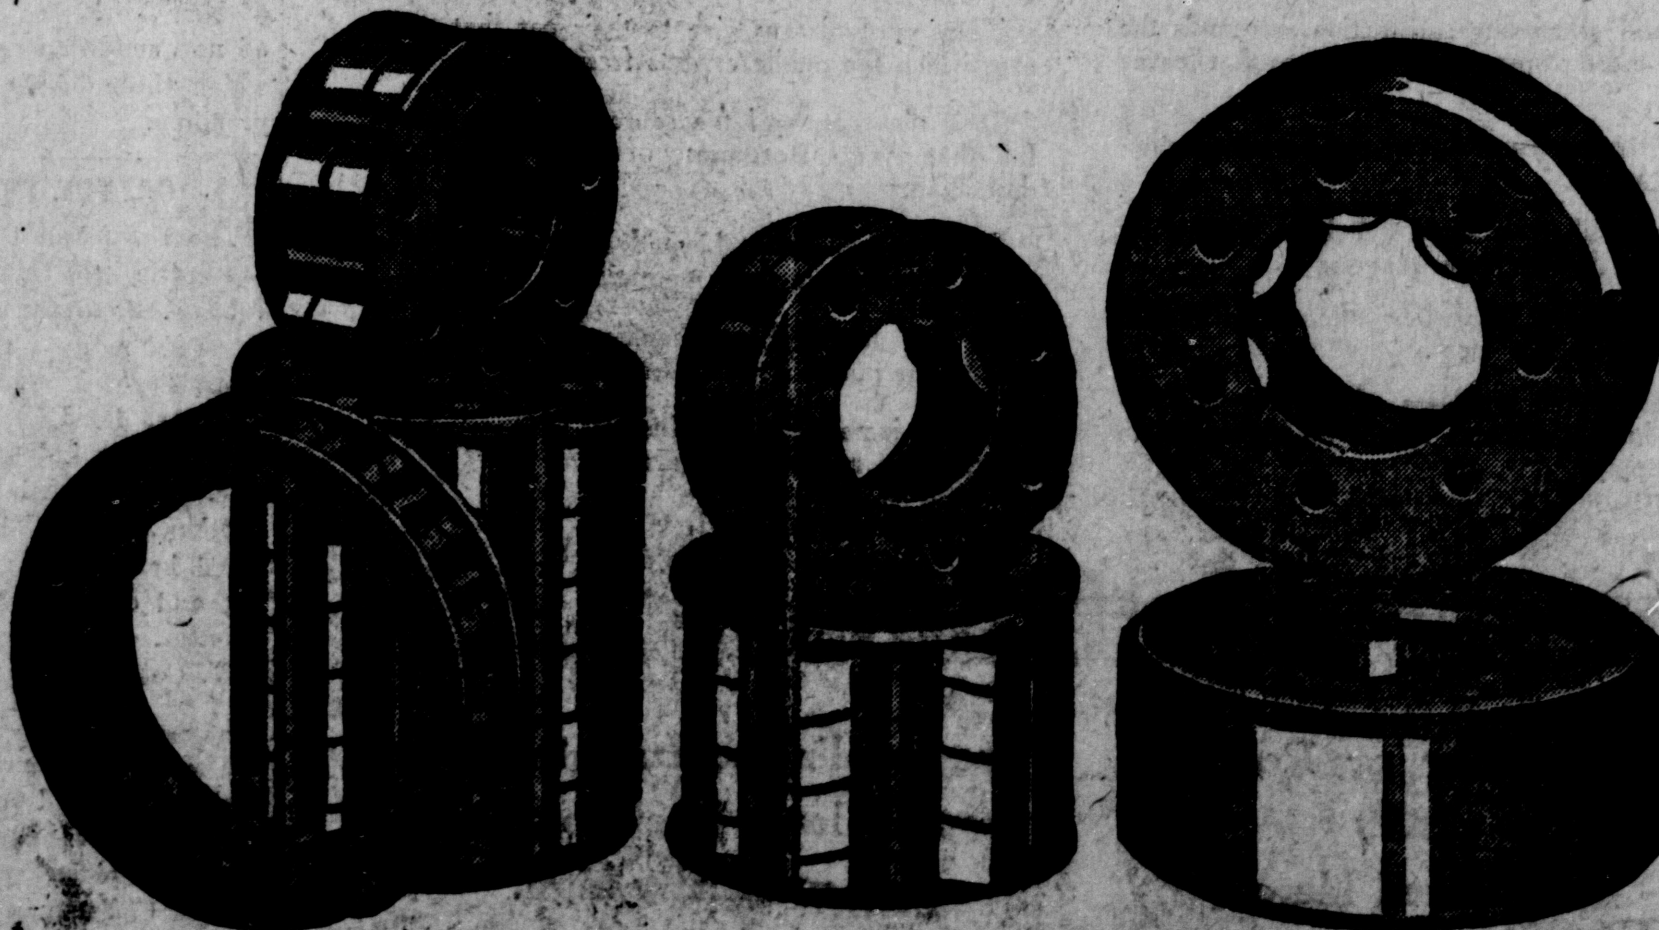

IF YOU DON'T BELIEVE they are "light" just compare the size of bearings they use with the great big bearings (Timkens, and Hyatts too, each where best calculated to do the work) you'll find in the \$1250 Reo Six.

PRICE IS SUBJECT to increase without notice—but Reo quality never changes. From the first it has been and always will be "The Gold Standard of Values."

URGES SUPPORT OF DICK ELLIOTT

Byram C. Robbins, Defeated Candidate in Convention Here, Thanks His Supporters

HE PRAISES THE NOMINEE

Says he is Man of High Integrity and Strong Ability and Will Represent District Well

Richmond, Ind., June 13.—In a letter addressed to the Palladium, Byram C. Robbins, whose candidacy for the Republican congressional nomination was supported by the big majority of the Wayne county delegates to the Rushville convention, expresses his gratitude for the devotion of his supporters and urges the election of the Republican nominee, Richard N. Elliott of Connersville.

Robbins is attending the officers' training school at Fort Benjamin Harrison. His letter follows:

To the Editor of the Palladium: I desire herewith, through your paper, to express my most genuine gratitude and appreciation to all my Wayne county friends for their loyal and unselfish efforts in my behalf for the Republican nomination to congress.

"This I do, not perfunctorily, but with very real feeling and assurance of hearty remembrance. Wayne county's evidence of belief in me and the widespread devotion of my friends banishes disappointment. That, after one of the hardest fights in the history of the sixth district, I was not nominated is, in comparison, of little consequence.

Without malice toward any man who opposed me, and with confidence in a united Republican party, completely free from bitterness or factions, I appeal to the voters of Wayne county and the sixth district to support Richard N. Elliott, the Republican nominee. He is a man of high integrity and strong ability and he will represent our district ably and patriotically.

The Democratic nominee, Finly H. Gray, no man may assail personally, but his record in congress demands his overwhelming defeat and the emphatic disapproval of the district. He will seek election as a supporter of the president, but his record in congress discloses, among other things, that upon great non-partisan questions of high patriotic importance and national need, akin to questions now vital to the country, he, both by vote and speech, opposed recommendations of the general staff of the army, and supported measures opposed by the president and the general staff of the army.

Democrats as well as Republicans, should join in his emphatic defeat. A vote for Elliott is not only a Republican vote; it is a vote to sustain all great non-partisan measures of national need and importance.

BYRAM C. ROBBINS.

CANDIDATES ARE ALLOWED TO RETURN

Seniors At Fort Harrison Permitted to Attend Commencement Exercises At Wabash

ADDRESS BY ARTHUR BROWN

Crawfordsville, Ind., June 13.—A military air was given the commencement exercises of Wabash college here today by the attendance of a large number of students who are now wearing Uncle Sam's uniform in various lines of service.

Seniors who have been attending the officers reserve camp at Fort Benjamin Harrison, were allowed to attend the exercises. They left the fort on a special car at noon and will have to return by tonight.

Only thirteen of the members of the entire senior class finished the school year, the remainder leaving for service. Those who gave their services to their country, however, were awarded their honors the same as if they had completed the required course of instruction.

The exercises were held late this afternoon in the college chapel. The address was delivered by Arthur Judson Brown of the class of 1880 who resides in New York city.

KILBANE HELPED UNCROWN WELSH

Followers of Game Believe Beating He Gave Englishman Aided New Champion

LEONARD HAD EASY TIME

Welsh Was Better Man Against Kilbane Than When he Started Against New Yorker

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, June 13.—The terrific beating doled out to Freddie Welsh when he met Johnny Kilbane in New York probably is as much responsible as anything for the fact that Benny Leonard is now lightweight champion of the world.

Jimmy Dunn believes it, Kilbane is certain of it, and more than one follower of the fistie game is inclined to believe there is something in it.

It is undeniably true that Welsh received a thorough pasting from Kilbane, and it is also an unchallenged fact that Welsh was faster in his blocking and had more speed when he started with Kilbane than when he met the New York lightweight.

Kilbane hit Welsh everywhere except right on the spot that Welsh always had kept covered until he met Leonard. If Kilbane had been given the same opportunity for victory that presented itself to Leonard he probably would be wearing a crown on each angle of his curled locks.

"The only thing I am sorry for," Kilbane declared after he had seen Champion Welsh uncrowned, "is that I wasn't in there instead of Leonard. I don't want to take any credit from Leonard. He's a grand little scrapper. But I certainly believe I would have finished Welsh that night quicker than he did. I started Welsh to oblivion and Leonard finished the trick."

Dunn declared Kilbane a much better workman in the ring than Leonard.

"Kilbane is a one-punch knockout," he declared, "and Leonard is not. If Kilbane had been in the ring with Welsh the night he lost the championship instead of Leonard, you wouldn't be hearing any arguments as to whether or not the referee erred in not counting over Welsh. Mr. Welsh would have been on the floor and he would have been carried to his corner if Johnny had landed on his head. Believe me, that's right. If you don't believe Kilbane hits that hard you might ask George Chaney."

The argument over which of these champions is the more sudden finisher and whether one is really so much better than the other probably will soon be settled, for arrangements are being made to bring them together. The match probably will be pulled off July 4, either in Ohio or New York.

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength). This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

HOME FOLKS TESTIFY.

Fort Wayne, Ind.—"I have been made most comfortable by the use of Dr. Pierce's Anuric Tablets. When I started to take this medicine my right kidney pained me at each excretion and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—Mrs. S. J. ROBERTS, 917 Cottage Ave.

Everitt & Richey

DUSTY MILLER, Auctioneer.

Mr. and Mrs. Marshall Hinchman and Miss Margaret Hinchman were the dinner guests of Mr. and Mrs. George Aultman, today at their home in West First street.

Ralph Hackleman, son of Dr. and Mrs. F. G. Hackleman has accepted a position in the bond department of the Fletcher American bank in Indianapolis.

Flag Day will be celebrated at the regular meeting of the D. A. R. tomorrow afternoon at the home of Mrs. Joe Amos, east of the city, which will not be a guest day this year. All members are urged to be

present as work of helping knit for 500 boys on our Indiana battleship will be taken up. The members expect to have samples of garments to be inspected at this meeting.

Mr. and Mrs. H. B. Armstrong entertained the following at dinner Sunday: Mr. and Mrs. Charles Kenner, Miss Bessie Behrends and Arthur Kenner of Chicago, Mr. and Mrs. Clarence Kenner and Miss Blanche Armstrong.

Miss Grace and Frank Buell entertained twelve members of the Evening Card club at their home

Social Calendar

Thursday

Grand club with Mrs. Claude Cambern, 533 North Main street.

Woman's Home Missionary Society of the M. E. church with Mrs. Lafarra 112 West Fourth street.

D. A. R. with Mrs. Joe Amos at her home east of this city.

Ladies Aid society of New Salem, with Mrs. Lot Holman.

Yomo club with Mrs. Amos Baxter, 628 West Seventh street.

Harmony club with Mrs. Fred Cochran, 314 West Fourth street.

east of this city last evening. Live rounds of 500 were used as a diversion for the guests. A luncheon was served at the close of the evening.

Mrs. Charles Green entertained a number of friends with an informal party, yesterday afternoon at her home in West Fifth street, in honor of Mrs. Henry Osterman of Seymour. A delightful afternoon was spent over 500 and refreshments were served.

The Woman's Home Missionary society of the M. E. church will meet with Mrs. Lafarra, 122 West Fourth street, tomorrow afternoon. As there will be an election of officers a large attendance is requested to be present.

Complimentary to Mrs. Paul Colvin of Alean, Mich., Mr. and Mrs. Henry Gregg entertained with a six o'clock dinner last evening at their home in E. Eighth street. A pink and white color scheme was used in all of the appointments and covers were laid for Mr. and Mrs. James Gregg and Mrs. Colvin.

A six o'clock dinner was given by Mr. and Mrs. Harry Kramer, last evening at their home in West Third street, proved to be a delightful affair when about thirty guests were entertained. Masses of pink and white peonies and roses were used in the home for decoration.

The Sorosis club were entertained with an all day affair, yesterday at the home of Mrs. J. E. Walther in Glenwood. Sixteen members and three guests, Mrs. Estella Ochiltree and daughter Doris of Connerville and Mrs. Link of Glenwood were in attendance. At noon a sumptuous pitch-in dinner was served. In the afternoon the following program was carried out: "Our Grandmother, Our Mother and Our Own" was a paper read by Mrs. McCampbell; Miss Jessie Jeffrey talked on "Education in 1816 and 1916"; and "The Brown Mouse" was the title of the paper read by Mrs. Newhouse. This was the last meeting of the year and programs for the coming year were distributed. The first meeting will be in September.

None of the meetings of the O. N. T. club of the year surpassed the one yesterday, when the members were charmingly entertained by Mrs. Robert Mansfield, for her mother Mrs. J. K. Gowdy, at her home in

She was rich—yet poor
She lived in a mansion

Yet she had no one to play with;
The story of her life is told by

FOR SALE ONLY AT THE MAUZY COMPANY

North Morgan street. During the afternoon, each member gave a quarter toward the "Wool Fund" for the Red Cross, the members including Mrs. Gowdy, Mrs. Mansfield, Mrs. Lon Havens, Mrs. George Havens, Mrs. J. W. Hogsett, Mrs. Belle Wilson, Mrs. George Osborne, Mrs. Rachael Bowen, Mrs. R. H. Jones, Mrs. William Gordon, Mrs. A. C. Brown, Mrs. Anna Churchill, Mrs. Fanny Smith, Mrs. George Young, Mrs. George Moore, Mrs. Anna Beachard, Mrs. Sam Young, Mrs. William Allen and Mrs. Susan McCoglin. The wool will be used to knit socks for the soldiers and an instructor will be present at the next meeting in two weeks with Mrs. J. W. Hogsett, to teach the ladies to knit. After other minor business matters were settled, the afternoon was spent over needlework. Late in the afternoon the guests were invited to the spacious veranda, and a dainty tea was served.

Amusements

"The Wheel of the Law" is the title of the feature picture at the Princess tonight. Emily Stevens is featured and it is said to tell a story of unusual interest. "Pathe News" will be shown in addition to this feature. Thursday Mrs. Vernon Castle will be shown in the last chapter of "Patria." "A Poor Little Rich Girl" the attraction at the Princess Friday should charm everyone that sees it regardless of age, and teach a moral that it well worth learning. With the inimitable Mary Pickford is the stellar role and staged by a master, this subject will strike a chord of favor among the young and old alike for its power to entertain, educate and surprise.

The Lyric offers the two reel feature "The Black Rider of Tarajara" for the first picture tonight. It is an adventure of "The American Girl" series. "Not in the News" is the title of a two reel drama and the program will be concluded with a comedy. Margaret Gibson and William Clifford will be seen tomorrow in a two act drama.

For You

Free delivery; it's yours, why not have it. Telephone Johnson's for your drug wants; they will be completely filled, and promptly delivered, no matter when, no matter where. We deliver to any part of Rushville. No order too small to be delivered.

AMERICANS JOIN BRITISH FLYERS

Unable to Enlist in American Service Because of Rush They Go to Canada

SCHOOLS THERE EQUIPPED

(By United Press.)

Washington, June 13.—Numerous Americans unable to join the United States Aviation Corps because of the rush of applications, are going to Canada to enlist in the Canadian Flying School at Toronto, army officials declared today.

The Canadian aviation schools are equipped to receive the Americans who pass satisfactory physical examinations. Americans now at the Toronto school have been assured early assignments to the Royal Flying Corps.

MIGRATION IS CONSIDERED

Influx of Negroes Assumes Serious Proportions

Pittsburgh, June 12.—The last day sessions of the Forty-fourth Annual National Conference of Charities and Correction here were devoted to discussion of problems presented by increasing negro migration into northern cities.

Speakers at the "round table session" declared the "On to the Cities" movement among negroes has assumed large—perhaps threatening—proportions.

The general "farewell" session tonight will be devoted to "The Organization of Public Welfare Work of a State." Governors Brumbaugh of Pennsylvania, Lowden, of Illinois, and Manning of South Carolina, will speak.

NEWS OF INTEREST FROM MANY POINTS IN COUNTY

Pin Hook

Nannie Graham was a business visitor in Rushville Saturday.

Mr. and Mrs. Ben Bever visited George Cameron Sunday.

Mrs. Guy Kelso and daughter Margaret were trading at Andersonville Monday.

Charles Kennedy and family attended church at Hopewell Sunday.

Omar Mahan and family visited relatives at Rushville Sunday.

Frank Wicker is working for Matt Bever.

Several from here attended the funeral of Jack Croddy Tuesday.

John Hedrick and family spent Tuesday with Matt Bever and family.

Earl Wicker is working for Seth Kelso.

Mrs. Earl Bever was painfully injured when she fell from the top of a stairs cutting her lip severely and has been under the care of a physician.

Gladys Bever, Bryce Stoops, Ruth Ryon and Larry Knecht spent Friday evening with friends at Connersville.

In and Around Fairview

Walter Heeb and Ray McElfresh transacted business in Indianapolis Wednesday.

About seventy members of the C. W. B. M. and the Young Ladies Mission Circle of the Fairview Christian church met at the home of Mrs. G. F. Powers in Bentonville last Thursday afternoon.

George Rea of Indianapolis and Elmer Caldwell of Rushville were in Fairview on business last Friday.

Elmer Thomas, John Higley and Charles Cregor transacted business at Connersville last Saturday.

Mr. and Mrs. Robert Saxon and Herschel Rhodes were the guests of Mrs. Mary Saxon Saturday.

Mr. and Mrs. George Bell and daughter Helen of Mays, Mr. and Mrs. Ed Jackson of Raleigh, Mr. and Mrs. Fred Jackson and family of near Bentonville, Mr. and Mrs. William Jackson of Washington township were the guests of Mr. and Mrs. Wilbur Piper and daughter Ione Sunday.

Mr. and Mrs. Raymond Bowles and daughters Vera and Mary Elizabeth were the guests of Mr. and Mrs. John Brown Sunday.

Mrs. Wilber Piper visited her parents, Mr. and Mrs. Hiram Shipley of Yankeetown, Sunday.

The Rev. G. F. Powers of Bentonville filled his regular appointment at the Christian church Sunday morning. He was accompanied by his wife and children and they were the guests of Mr. and Mrs. Charles Cregor. The Children's Day exercises were held in the evening.

Liberty Bonds Are Direct Government Obligations

Secretary of the Treasury McAdoo makes the following statement:

"A number of letters have been recently received at the Treasury Department inquiring whether or not the Liberty Loan Bonds are obligations of the United States Government. I am surprised that there should be any misunderstanding on this point. The Liberty Bonds are United States Government Bonds. They are the direct obligations of the United States Government and the honor and the resources of the American people are the security therefor. They are called Liberty Bonds because their proceeds are to be dedicated to the cause of human liberty."

—Mrs. Ruth and Miss Helen Crawford were among the visitors to Indianapolis today.

—Mrs. S. G. Rucker visited in Indianapolis today.

TRENCH TALES

London, June 13.—An instance of German "Kaiser hatred" was described by a wounded engineer.

"In a house in one of the villages we captured a few days ago, that had evidently been some kind of a headquarters, there was a large picture of the Kaiser on the wall. Several German prisoners were brought in the house. One of them on seeing the Kaiser's picture spat on it. We asked him why he spat on the picture and if he was a Saxon.

"No Englishman," he replied. "I'm a Prussian, but I'm fed up, and he's the devil who started this."

**PATRIOTIC, CHRISTIAN DUTY
OF EVERY PERSON DONATE**

men who will inspire confidence in the people who will be asked to contribute liberally to the Red Cross fund. These men, realizing the seriousness of the situation have volunteered their services during the

war, and are serving their government for purely patriotic reasons, none of them receiving or expecting any compensation.

Of the \$100,000,000, asked for in the special fund, the campaign for which will begin on June 18, New York city has agreed to raise \$40,000,000, leaving sixty millions for

the rest of the country. The amount apportioned to Rush county is \$10,500 about fifty cents per capita of the population of the county. This is a small sum, and there should be no difficulty in raising the amount.

So far no citizen of Rush county has made any sacrifice in this war,

and the majority of them have contributed nothing to a fund for national protection or defense. It is the personal, patriotic and Christian duty of every citizen of the republic to do his or her share in this war, and those who cannot go into the ranks, or behind the guns, can stand behind, and support with their means and moral encouragement, the men who are doing the fighting. And one of the most effective means of rendering this service is through the Red Cross, which is the great humanitarian arm of the government service, following as it does in the wake of war, alleviating the suffering of the wounded, sick and afflicted soldiers.

Every life saved in the armies of the allies, every wounded soldier promptly nursed back to health, where he can again take his place in the trenches, is a life saved for America, for the decimated ranks of the allied armies will soon have to be filled by the boys from the United States, who will be exposed to the bullets of the enemy. And when the troops now being trained in this country, included in which are some of your sons, and brothers, and relatives and friends, and neighbors, take their places on the battle front in Europe, the matter will become a personal one. Then the American people will realize the seriousness of the situation, and the importance of preparing for the caring of the soldiers fighting this war, the conservation of their lives, and the alleviation of their sufferings.

These are some of the objects, purposes and plans of the Red Cross, the greatest and most efficient organization ever created for the alleviation of human suffering. Every dollar contributed to the Red Cross fund will be expended in the most economic way, through an organization whose ramifications and activities extend to every part of the civilized world.

The designation of the committee having in charge the raising and the expenditure of this special fund, as The American Red Cross War Finance Committee, does not mean that the money raised in the campaign beginning on June 18 is to be used for general war purposes, but will all be expended through the American Red Cross Society, in caring for the wounded, and combating diseases, such as tuberculosis, etc., which are now decimating the ranks of the allied troops because of lack of sufficient medical and surgical attention and the necessary supplies for proper and prompt treatment.

The ten teams appointed by the chairman of the Rush county chapter to canvass Rushville, and the committees named to solicit in the various townships in the county, will visit every citizen in Rush county, and every one will be urged and expected to give something. There are very few persons who cannot give to this humanitarian cause, and any one who is financially able, and refuses to respond to this urgent and important call, should take an invoice of his patriotism, and his relations to the flag, whose protection he enjoys.

People who are too absorbed in their personal affairs, too selfish to listen to or heed the call for help from our allies, now bending to the breaking point under the burden of this great conflict, should reflect upon the fact that, if Germany wins this war, they will have no business to attend to after it is over; they should think seriously of the fate of Belgium, of Serbia, Montenegro, and Roumania, and what might happen to America.

We have got to build a wall of protection or prepare to suffer the consequences of a prolonged war, which will probably extend to our own country. The first essential in this defensive plan should be, (aside from questions of military service) assistance to the Red Cross. No excuse, no procrastination should be offered or permitted.

This is no time for any man to say that he cannot give to the Red Cross, that the call is inopportune. War is inopportune, horrible, hideous and hateful. It is inopportune that millions of men are dying and suffering that democracy may live; that the stars and stripes may remain as the symbol of freedom, and the emblem of democracy; it is inopportune that millions of women and children in Europe are homeless, miserable, hopeless and starving, because of this inopportune war.

SPEND MONEY HERE,
HELP THE RED CROSSRush County People Can Aid War
Relief Campaign by Patroniz-
ing Merchants Next Week

A SCHEME TO RAISE MONEY

Most of Business Men Agree to Don-
ate 2 Per Cent of Cash Sales
And 1 Per Cent Collections

Every person in Rush county can do their mite towards raising the Red Cross war Relief Fund allotment in Rush county next week by patronizing Rushville merchants because with few exceptions the business men of this city have agreed to donate two per cent of their gross cash sales and one per cent of the accounts collected next week to the fund.

Ninety merchants have already entered on the agreement. Others who wish to should see R. L. Tompkins or Jack Knecht.

The more business they do, just that much more will be contributed to the county's share of \$10,500 and just that much easier will it be for the county to come up with her apportionment. Rush county's reputation has suffered in the Liberty Loan subscription campaign and it is hoped by everyone that a hearty response of the people to the Red Cross appeal will in a measure remove the opinion current throughout the state that Rush county patriotism is not up to the standard.

The allotment for the congressional districts in the state was announced in Indianapolis yesterday. The sixth district is supposed to raise \$81,000. Rush county's apportionment has already been fixed at \$10,500, revealing that it has shouldered its full share of the district quota because there are eight counties in the district.

The specific purposes to which the Red Cross expects to donate the \$100,000,000 it has asked the American people to contribute are enumerated in a statement made public today by Henry P. Davison, chairman of the war council of the Red Cross.

President Wilson has set aside the week of June 18 to 25 as Red Cross week, and Mr. Davison hopes to obtain contributions for the full amount of the \$100,000,000 war service fund during that week.

"Our first obligation is to render such service as comes within the provinces of the Red Cross to our soldiers and sailors at home and abroad," the statement says.

"Consideration of the vastness of this undertaking alone as compared with any other situation ever known to us will impress one with the im-

possibility of forming a definite budget or specifying in particular the amount of money required to care for our countrymen.

"After making every provision necessary for this purpose, our endeavors will be to supplement the efforts of our allies in caring for their sick and wounded.

We shall help provide the bare necessities of life to the homeless in devastated France, to aid them to rehabilitate themselves and thus strengthen the man-power of the French army."

"We shall strive to hearten Russia by providing for the sick and wounded along the battle front. We shall try to succor the homeless and wandering people of Poland, Lithuania and Western Prussia.

"We hope to extend aid to those who are fighting the battles of liberty in Rumania, Serbia and Italy—indeed to relieve human misery everywhere among our allies.

"We have set \$100,000,000 as the minimum of our needs. It is evident that we could use many times that amount. To administer these funds economically and efficiently we are developing an organization headed by some of the most competent and experienced business men in the country. They serve without pay.

PROPOSE COURSE
IN SALESMANSHIPDry Goods Dealers Here Report
Sentiment For Such Instruction
in The High Schools

POINTED OUT AS PRACTICAL

That the question of placing a salesmanship course in the high school may be presented to local school authorities before the beginning of the next school year is predicted by dry goods dealers here who attended the meeting of Indiana Retail Dry Goods Merchants association in Indianapolis yesterday.

The agitation for such a course, which is held to be more practical than book-keeping and stenography course since more high school graduates become salesmen than book-keepers or stenographers, got under way at the meeting of the retail merchants.

A woman teacher from the vocational department of the Lafayette high school will present the subject to the high school principals and school superintendents attending the summer school at Indiana university and in this manner bring it before the school authorities in a formal way.

Hugh E. Manzy, E. R. Casady and Paul Allen, who is managing a store belonging to him and Mr. Casady in Danville, Ind., attended the meeting.

HARDING OF OHIO
WILL SPEAK HEREOnly Speech of Republican District
Campaign Will be Made in
Rushville Friday, June 22

WATSON TO SPEAK 5 TIMES

Senator Gives Out Statement in In-
dianapolis Showing How Repub-
licans Stood by Government

Tentative arrangements for the republican campaign in behalf of Richard N. Elliott, the party's candidate for congress to succeed D. W. Comstock, were made yesterday at a meeting in Indianapolis of the county chairman, Besides the county chairman Mr. Elliott, Will Hays, state chairman, Jack Henley, secretary of the state committee and Senator Watson, attended the meeting.

It was agreed that Senator Watson will make five speeches in the campaign starting next week. The assignments will be made through the congressional campaign committee. Among the prominent men who will campaign the district are Senator Hiram Johnson, California; Senator Wesley Jones of Washington, Senator Warren G. Harding of Ohio, Senator Curtis of Kansas, Senator Wadsworth of New York, Representatives Bland and Wood of Indiana, Rohenberg of Illinois, Kelley of Michigan and Fess of Ohio.

It was practically agreed that Senator Harding will speak in Rushville on the night of June 22. This will likely be the only local speech of the campaign. Senator Jones of Washington will probably speak in Carthage on the night of June 19. These dates were simply set subject to the senators themselves and if they cannot come here on those dates the time will be changed to their convenience.

In a statement given out in Indianapolis Senator Watson said:

"Naturally either candidate elected will stand by the government during the war. I take it that both candidates are for the prosecution of the war to a finish and that each would stand by the government to the limit. On my part I expect to make the same kind of campaign I did recently in New Hampshire where I said that it did not make any difference whether a republican or democrat was elected as far as their standing by the country in war-time was concerned.

"But I pointed out in New Hampshire as I will in the Sixth district, that the president would have been in deep trouble indeed if the republicans in congress had not stood by him. Speaker Clark left his place to oppose the president's program.

"Representative Kitchen of the ways and means committee, the house democratic floor leader, was opposed to a part of the war program. Chairman Dent and other democratic members of the committee on military affairs opposed the conscription bill. The president had to rely on Representative Kahn of California, a republican, to put through the conscription bill.

"We are all standing by the government for the prosecution of the war but republicans can show that the republicans in congress and the senate stood by the president in time of need. Therefore, there is no reason why the sixth district should not send a republican to congress.

"I believe that before the president's term expires the present war will be ended. Therefore, it is necessary to elect a man to congress who will serve the country best in times of peace. I am going to make a campaign along these lines and I think that the other speakers will do the same."

Alva Osborne is opening a tailor shop in the vacant room back of Pitman & Wilson's drug store.

CAMPAIGN WILL
END VERY SOONBankers Receive Word to Have All
Liberty Loan Subscriptions in
Friday Noon.

BOY SCOUTS SELL \$1,000 WORTH

Make Back Calls Today For Those
Who Were Undecided—Will
Canvass Glenwood Tonight.Ask Bells Be Told
Every Hour From 3 To
10 P. M. On Flag Day.

Earl H. Payne, chairman of the Rush county bankers association, has received a letter from the Liberty Loan committee urging that all school house and church bells be tolled for five minutes at the beginning of each hour from 3 p. m. to 10 p. m. tomorrow which is Flag Day.

Earl H. Payne, chairman of the Rush County Bankers association, received word this morning that all subscriptions to the Liberty Loan should be in the hands of the federal reserve bank at Chicago with a two per cent payment by 12 p. m. central time, Friday, June 15. This means that the banks of the county have to wind up the campaign shortly and let the federal reserve bank know by midday Friday.

Mr. Payne also received another letter from the Liberty Loan committee urging that every church and school house bell in the county be rung for five minutes at the beginning of each hour from 3 p. m. to 10 p. m. in the interest of the campaign. The demonstration will have special significance because June 14 is Flag day.

Subscriptions amounting to one thousand dollars to the Liberty Loan were realized yesterday as the result of the first canvass of the city by the Boy Scouts. They started out again this morning at nine o'clock for a second canvass to call on persons who yesterday said they would think the proposition over and determine by today whether they would invest in a Liberty bond.

One of the tangible results of the Boy Scouts canvass yesterday was a subscription of \$400 from the Pastors Aid Society of the Main Street Christian church. The two boys receiving credit for making this sale were Harry Ice and William Pugh. In addition to that \$400, there was \$100 bond sold as the result of the Scouts canvass, and the remainder of the thousand was in \$50 bonds. The Boy Scout who gets credit for subscriptions amounting to \$1,000 receives a war medal and many of the boys are working with that thing in view.

A quartet of Boy Scouts went to Glenwood this afternoon with full equipment prepared to stay all night and make a canvass of the town for the Liberty Loan. They expected to arrive in time to set up their camp, eat supper and distribute their literature this evening. In the morning they will visit Glenwood homes again, after having given the people all night to think over the proposition. The boys who went to Glenwood were Ruell Bennett, William Pugh, Glen Sommerville and George Morgan. They may make the same sort of a canvass in Milroy tomorrow evening.

It was reported by the bankers organization today that Rush county is still many thousand dollars short of her allotment, though the bankers have invested heavily for themselves and have urged their customers to do the same thing, with no profit to the banks. The bankers are co-operating to the fullest extent in the campaign and urge citizens to buy the bonds as their patriotic duty and are recommending them as a splendid

TWENTY MEMBERS ADDED

Three More Red Cross Meetings Be-
sides One at Gowdy Last Night.

Twenty new members were added to the Orange township auxiliary of the Red Cross at the meeting last night at Gowdy, which was addressed by E. B. Thomas and Robert E. Mansfield. The Orange auxiliary was organized at Moscow several days ago. The delegation from here went in Mr. Mansfield's machine.

A meeting will be held at New Salem tonight to organize an auxiliary. A Red Cross meeting has also been arranged for the Plum Creek Christian church next Sunday afternoon and for Glenwood next Sunday evening.

MORE SUITS AGAINST
THOMAS E. BOTTORFFSix Filed Against Operator of En-
terprise Milling Co. of Milroy,
Charging Conversion

GRAIN APPROPRIATED, CHARGE

Six more suits were filed in circuit court today against Thomas E. Bottorff, operator of the Enterprise Milling company at Milroy. The suits are for conversion, it being alleged in each complaint that Bottorff appropriated the grain of the plaintiffs for his own use and refuses to settle.

John W. Davis demands \$700; Jesse A. Miller, \$450; Isaac Dearing, \$1,150; Omer Thomas, \$575 and Carey O. Patton, \$1,000. Each of the men claim to have received a warehouse receipt for the wheat they delivered to the elevator. Davis says he deposited 260 bushels of wheat; Miller, 160 bushels; Dearing, 320 bushels; Thomas, 209 bushels and Patton, 700 bushels. Young and Young represent all of the plaintiffs except Patton, who is represented by A. L. Gary.

MILROY GETS NEXT
DISTRICT MEETINGW. E. Wagoner is Re-elected Presi-
dent and Ray Kelley Secretary
at Connersville Today.

LOCAL PEOPLE TAKE PART

W. E. Wagoner of Milroy was elected district president of the Epworth League, which closed its annual convention at the First Methodist church at Connersville at noon today. It was also decided that the next annual meeting should be held at Milroy.

Approximately twenty persons from the county were at the convention at various times. The convention opened Monday night. Miss Frances Frazee of this city conducted a model devotional meeting at this morning's session and a girl's quartet from here composed of the Misses Mary Louise Poe, Mary Louise Bliss, Katherine Wooden and Katherine Guffin sang at the closing session.

Ray Kelley of Milroy was elected district secretary and Ophir Klipple of Brookville, treasurer. The following cabinet officers were elected: Miss Mabel English of Shelbyville, Miss Favors Lower of Pleasant Ridge, Miss Frances Frazee of this city and Miss Clara Houseworth of Centerville. The cabinet will meet here June 30 to make plans for the year.

ONE INDICTMENT.

The grand jury returned one indictment yesterday afternoon before adjourning. No arrest had been made up until a late hour this afternoon. No date has been set for the next session of the grand jury.

WILL ENFORCE NEW
DIMMER LAW HEREPolice Believe All Automobile Own-
ers Have Had Time to Learn of
Its Provisions

TWO METHODS ARE PROVIDED

Machines Must Be Equipped With
Lens to Diffuse Light or Device
To Dim Front Lights

There are many automobile owners in Rushville and Rush county who have failed to comply with the dimmer law now in effect. The law has been in effect since May 30 and the police believe a majority of the auto owners are aware of the act. No time limit will be set by the police here for enforcing the law as they say the auto owners have had plenty of time to get ready for the law going into effect and because of this it would not be surprising if wholesale arrests are made.

The law provides that the headlights of motor vehicles shall be equipped with some efficient device whereby the rays of light projected are broken up and diffused to such an extent that the rays of light will not interfere with or bewilder the vision of the driver of an approaching vehicle. If the machines are not equipped with lens that diffuse the rays of light, then under the law they must have a dimmer device so that the front lights of the machine may be dimmed or lessened at the will of the driver so that the rays will not interfere with the vision of the driver of an approaching machine or vehicle.

The use of the spot light, used by many drivers in a careless manner, is restricted by the law. The law governing the spot light follows: No spot light shall be used on any motor vehicle, or other vehicle, upon the public highways of this state while approaching or passing another vehicle going in an opposite direction unless the said spot light shall be carried and used at such an angle on such motor vehicle, or other vehicle, as will project rays of light therefrom on the ground in front of such vehicle, or other vehicle and at a distance not exceeding fifty feet in front of same.

Violations of the law are punishable with a fine not less than \$5 nor more than \$20 for the first offense and for any second or subsequent offense may be fined in any sum not less than \$5 nor more than \$50.

NEW TRIAL IS REFUSED

Judge Overrules Motion in Suit of
Smith Co. Vs. J. E. Hinchman.

Judge Sparks overruled a motion for a new trial today in the suit of the T. and H. Smith Company against James E. Hinchman on a note. When the case was originally tried the plaintiff was given a judgment of \$81.03.

By an order of the court James Wright is to pay Maggie Wright the sum of \$3 a week for support, pending the outcome of his divorce suit.

RETURNS TO WASHINGTON.

Senator James E. Watson returned to Washington this afternoon and will not come back into this district until shortly before the special election June 26. He did not address the soldiers at Fort Benjamin Harrison last night as it was expected he would, but will speak to them a week from next Friday evening.

ST. MARY'S COMMENCEMENT.

A large crowd attended the annual commencement exercises of St. Mary's school last night. The music students gave a program, followed by the class play, "Strategy." Five received diplomas for studies and fifteen for penmanship. The diplomas were awarded by the Rev. Father Lyons.

Patriotic, Christian Duty of
Every Person to Contribute

(By ROBERT E. MANSFIELD)

The campaign to be inaugurated on Monday June 18, and continuing for one week, by the Rush county chapter of the Red Cross Society, for the purpose of raising the quota apportioned to this county of a fund of one hundred million dollars to be raised in the United States as a special fund to be used in caring for American soldiers and seamen engaged in this war, and for assisting our allies along these humanitarian lines, should have the co-operation and generous assistance of every patriotic citizen in the country.

Appreciating the importance of this great work, and the necessity of encouraging the Red Cross Society in its endeavors to provide proper protection and relief for the wounded and stricken soldiers on the battle field, and in the trenches, the President has appointed a war council, and a special finance committee

which has in charge the plans for creating, and also the handling of the money raised in the United States for war purposes, to be used through the Red Cross. The chairman of the war council is Henry P. Davidson of J. P. Morgan & Company, and the committee is composed of some of the ablest financiers, and most successful business men in the United States, including ex-president Taft; Robert S. Loveland; chairman of the executive board of the Union Pacific Railway; Cornelius N. Bliss of New York; Grayson P. Murphy, and others whose reputations in the industrial, financial and commercial world are such as to insure the most economic and successful management of the funds. They are men of big affairs, accustomed to organizing the direct-enterprises of large proportions;

The Tractor You Can Afford to Buy

If you are supporting from four to six horses in idleness nine months of the year, giving up 20 to 30 acres of your land to raise horse feed instead of marketable crops, you know what this means.

Moline-Universal Tractor

Does all the field work, including the cultivating and harvesting. Belt power up to 12 h. p. It plows deep, at the right time—in half the time.

Has the pulling power of five horses, the working capacity of seven because of greater speed and endurance, and eats only when it works.

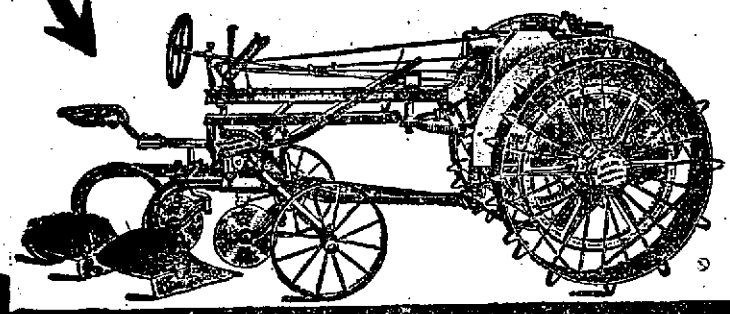

Strictly a one-man machine—drives easier than a team from the seat of the implement pulled.

A proven success. Backed by a \$19,000,000 concern with 51 years satisfactory service to the farmers of America.

For further information see

WALTER G. DUKE

THE MOLINE LINE INCLUDES
Cane Planters, Cotton Planters, Cultivators, Grain Drills, Harrows, Hay Loaders, Hay Rakes, Line Sowers, Listers, Mower Spreaders, Mowers, Plows (chilled and steel), Rippers, Scales, Seeders, Stalk Cutters, Tractors, Turn Trucks, Wagons, Vehicles.

Senreco

The double-service tooth paste,

keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 20, 1917.
I am using Senreco myself. Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.
I find Senreco a great help in my work.

Chicago, Ill., Mar. 10, 1917.
I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.
Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.

Columbus, Ohio, Oct. 20, 1916.
I find Senreco very beneficial.

Chicago, Ill., April 7, 1917.
I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.

Buffalo, N. Y., Oct. 18, 1916.
Am well pleased with Senreco—so are my patients.

New York City, Mar. 27, 1917.
Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.

INSPECTORS FOR ELECTION NAMED

Machinery is Now Ready For Vote
On June 26 to Elect Congress-
man in District

PRELIMINARIES OUT OF WAY

Inspectors Appointed by County
Chairman Riggs and Will be
Certified by Commissioners

The election machinery in Rush county is now ready for the special election on June 26. The inspectors were named today by Fon Riggs, republican county chairman and will be certified to the county commissioners for ratification. The commissioners will meet the Saturday before the election to fill any vacancies on the election boards.

With the printing of the ballots, the posting of notices and the appointment of the inspectors, the preliminary steps towards holding the election are out of the way. The inspectors follow:

Ripley—No. 1, James Terhune; No. 2, Irvin Hill; No. 3, Jesse Henley.

Posey—No. 1, Frank Lawrence; No. 2, Floyd Woods.

Walker—No. 1, Donald Mull; No. 2, J. L. Smith.

Orange—No. 1, Gus Riley; No. 2, C. H. Ward.

Anderson—No. 1, Frank McCorkle; No. 2, John D. Kinnett.

Rushville—No. 1, E. L. Kennedy; No. 2, James V. Young; No. 3, John H. Frazee; No. 4, M. V. Spivey; No. 5, George E. Muir; No. 6, Washington Allen; No. 7, James E. Naden; No. 8, R. H. Berry; No. 9, Samuel Young; No. 10, George Heim.

Center—No. 1, W. A. Lord; No. 2, D. H. Gilson.

Washington—No. 1, Charles Edwell; No. 2, Ed V. Jackson.

Union—No. 1, R. J. Jarrett; No. 2, Marshall Hinchman.

Noble—No. 1, Roscoe Tiltworth; No. 2, Lun Ryon.

Richland—Ed Farthing.

As an automobile purchaser you are interested in just six things: Appearance, Reputation, Durability, Performance, Service, Price.

APPEARANCE

The Oldsmobile Eight is as neat and trim as a deer. It is distinctive in every line; it attracts attention everywhere. Its 17-coat luster finish, beautiful trim and luxurious upholstery make it a car you will be proud to own.

REPUTATION

The name "Oldsmobile" in itself is a guarantee. The car is built by a factory organization of trained men, many of them nineteen years in Oldsmobile service, who have a knowledge only of the construction of a high-grade car. By reason of increased production and the elimination of well-known extravagances, over one hundred high-grade automobiles are created daily under the same rigorous standards and inspection which have always been associated with the name "Oldsmobile." Where else, indeed, would one look for a car enjoying the continuous favorable reputation accorded the Oldsmobile?

DURABILITY

The same high standard of material and workmanship exacted through all these years of quality building enter into the Oldsmobile Eight. Oldsmobile

reputation is a veritable bond to you for honest product and durability. Its prestige is built on years of creditable road operation.

PERFORMANCE

Remarkable flexibility, fascinating smoothness of overlapping power impulses, abundance of reserve power, rapid acceleration from snail's pace to limited speed, freedom from vibration—all characteristic eight-cylinder construction—are perfected to highest degree. The comfort of the car is a revelation; the resiliency of the springs and Marshall cushion comfort upholstery contribute riding qualities unknown in cars of the same price class.

SERVICE

A twelve months' guarantee is back of each Oldsmobile. Service stations will be found everywhere. The accessibility of the eight-cylinder motor enables quick access to working parts and at a minimum expense. Likewise all mechanical units are readily get-at-able.

PRICE

Not several thousands or some other prohibitive amount, as demanded for most cars of its quality class, but simply \$1367.00 f. o. b. Lansing.

Owing to lack of room, I have decided to discontinue my line of Refrigerators and Ice Boxes. If you are going to need one this season or next, come in and look these over while the assortment is good. I will sell you one at much below the market value. This stock includes the Leonard Cleanable and other standard makes.

Also a number of large ice boxes especially adapted to farm use.

GUNN HAYDON

A Market That Steadily Renews Itself

The works in which the car is produced have grown till they are almost a city in themselves.

But when the satisfaction of the market seems to be in sight, the horizon of that market widens and draws itself still farther away.

The reason for it all is so simple that it sounds almost absurd.

That simple reason is that the goodness of the car is seldom called into question.

The thoughts about it are the same thoughts in thousands of minds.

The market grows by what it feeds on—and what it feeds on is the performance of the car.

Deep and abounding satisfaction surrounds the sale and the use of practically every car that leaves the works.

Dodge Brothers are among the largest producers in the world.

But they will never imperil their production by sacrificing quality to mere quantity.

For that reason we believe the condition will always be what it is now.

We believe the goodness of the car will always produce a demand it will be impossible to entirely supply.

It does not look as though the market for this car could ever be entirely satisfied.

That sounds like a strange statement, but there is a sound reason for making it.

A shortage has continued now, for two years and a half, in the face of a large and steady increase in output.

The shortage may not be local, or sectional, or seasonal, but it is national, universal and continuous.

Unlimited production is not consistent with Dodge Brothers scrupulous methods of manufacture.

They must always give to their car that over-care which the public expects from them.

It is the root, and the source, and the reason for that very steadiness of demand we are describing.

They will never go beyond a production point which might place their reputation in jeopardy.

A more remarkable recognition of merit on the part of the public it would be difficult to conceive.

Every increase in production is comfortably absorbed in an increased market.

—Homer Nash accompanied his brother-in-law Leslie Hinchman to Martinsville, where he will take treatment for rheumatism.

—Grand M. Carr has returned to his home in Indianapolis after a visit with his mother, Mrs. America Carr and sister, Mrs. Della Dunn.

—Seigle Vaughn returned to Newcastle, today to resume his work in the Maxwell Co., after a week's visit with his parents, Mr. and Mrs. William Vaughn of Henderson.

—Mr. and Mrs. Clint L. Scott and daughter Donna Louise of Lucas, Kan., went to Indianapolis for a few days visit before returning home.

—Mr. and Mrs. Alfred Senior returned to their home in Terre Haute today. They were accompanied by the Misses Mary and Esther Anderson, who will remain for a week's visit.

TO OFFER COURSE IN FOOD PRESERVATION

Purdue University Will be First Institution in Country to do Anything of This Sort

IS ADDED TO SUMMER SCHOOL

Purdue University will be the first institution in the country to offer courses in food preservation. The courses are to be added to the curriculum of the summer school for teachers which lasts from June 18 to 23. The work in the courses in food preservation has been outlined by a committee composed of President Winthrop E. Stone; G. I. Christie, state food director; O. S. Fisher, States Relations Service, United States Department of Agriculture; and Prof. Mary L. Matthews, of the home economics department of Purdue University. The school will be attended largely by supervisors of girls' clubs of Indiana, emergency food agents co-operating with Purdue and the United States Department of Agriculture, and vocational teachers promoting home projects. The instruction is to consist of lectures and practical demonstrations in canning, drying, pickling, storing and other methods of preserving food products. The arrangement of menus, problems of serving and other practical questions will be given due consideration. Those attending the school will be sent to various communities throughout the state to give instructions in food preservation.

LIBERTY LOAN CAMPAIGN WILL END VERY SOON.

Continued from Page 1.
investment. Frank A. Banderlip, president of the National City bank of New York, says he can conceive of no condition after the war in which these bonds will not bring a premium.

CATTLE SELL WELL

The Boyd and Dixon sale of Jersey cattle held this afternoon at the John F. Boyd farm in Jersey City attracted many foreign buyers and a large crowd was in attendance. Fifty-five head were to be sold. Early prices indicated a successful sale. One animal brought \$500 and another \$400. Col. Perry, remembered here for his work in the last wet and dry campaign, was the auctioneer. The sale was managed by J. V. Cotta of Crawfordsville.

The funeral services of Mrs. John Walsh, who died yesterday in Louisville, will be conducted Friday morning at ten o'clock at the residence of Joseph Coffman in West First street and burial will take place in East Hill cemetery. The remains will arrive here tomorrow morning at 11:15 o'clock from Louisville.

Easy And Profitable Job

The State Council of Defense is interesting itself in everything for the good of the country in prosecuting the war. Just now its attention is centered on the Liberty Loan campaign, which closes the night of the fifteenth. George Ade, chairman of the publicity committee, has sent out a statement, showing that the Liberty Loan is the third test of Indiana loyalty since the war began.

The Indiana Council of Defense urges every Hoosier who can do so to invest immediately in a bond of the Liberty Loan issue.

You do not have to go through any long rigamarole or ceremony.

Have a talk with your banker.

He will tell you how to enter your subscription and he will explain why the purchase of a bond is a good investment.

Do not hold off because you have no large sum to invest.

Remember that when you buy a bond, you are performing a patriotic service and you are getting something that never can shrink in value.

Indiana set an example to all the Union when enlistments were called for.

The state made another fine showing on registration day.

Now comes the third test of Indiana's loyalty.

Hundreds of loyal citizens, who had good reason for not enlisting and who were too old to register, now have a chance to do their share.

Don't depend upon a few wealthy citizens or some man living around the corner to perform a duty which is squarely upon you.

An interest-paying bond with Uncle Sam as security isn't that gilded enough to suit any one?

The State Council of Defense is sending out this appeal because Indiana must subscribe not only a large total but must line up a host of subscribers.

If the bonds had been issued in large denominations and turned over to banks and corporations, the government would have been criticized for failure to recognize the investor of small means.

Ever since you can remember, you have longed to be a bond-holder.

Now is your chance.

Every shrewd business man in America is subscribing to the Liberty Loan.

Later on you will be asked to make sacrifices.

Now you are given the privilege—the privilege of getting in on a profitable investment.

Take advantage of it.

Make Labor Fashionable

One prominent American editor sounded a vital note when he suggested that our people should "make economy fashionable." That was a wise suggestion and one that should be heeded by our professional high lives.

But to it we wish to add this advice: MAKE LABOR FASHIONABLE!

Put the two virtues side by side in double harness all over this country during the days that are coming, and the United States will easily come into her own.

Seek to disguise it as we may, our

country, when this war began, was fast drifting toward a loafer's paradise. Thousands of our young men have been reared in idleness, with not the faintest conception of the true dignity of manual labor. Starting with sons of wealthy parents, it extended downward in the scale of society, as class after class attempted to imitate those financially above them, until not only was there among all classes a physical aversion to honest toil, but the very idea seemed to carry with it a sense of inferiority and degradation.

Aside from the deplorable causes producing it, the present national campaign of production is the salvation of our country in more ways than just that of providing food for the world. It will make the useful citizens of boys who were fast becoming degenerates from the need of a serious object in life. It will give vital force to the academic teaching of the honor and dignity of labor. It will toughen muscles long unaccustomed to exertion, and will transform weaklings into that which the Almighty intended they should be—MEN. Vital, forceful, red blooded MEN.

No great forward stride of any people is ever accomplished without great sacrifice. When our revolutionary fathers conceived the vision of a great nation that should exemplify to the world the blessings of peace and liberty, they made great sacrifices, and made them willingly. Until the entrance into this war their descendants were in danger of losing sight of that grand vision through the curse of too great plenty of the creature comforts.

But we are awake at last. True, it took a world-wide calamity to arouse us; but once aroused, we are going to take a different view of man and his mission.

When we come into our own—which we will do when we have won the conflict before us—we will discover that the glory of man lies in EFFORT and ACHIEVEMENT for their OWN sakes, rather than in the enjoyment of their fruits.

The Russian government apparently is in a quandary. It wants to know who is the government.

The government has just contracted for seventeen million dollars worth of shoes, going to war is the only way to get a pair.

ANNUAL FESTIVAL OF ROSES OPENS

Portland Event Will Be On In Full

Swing When President Touches Electric Button

PATRIOTIC DEMONSTRATION

Portland, Ore., June 13—The annual Rose Festival will be formally opened tonight when President Wilson, at the White House in Washington, presses an electric button turning on thousands of electric lights at the festival center in Portland, 4,000 miles distant.

In keeping with the spirit of the times, the festival which closes Friday, will be in the form of a huge patriotic demonstration.

Civic, business and patriotic organizations from numerous Northwestern cities are represented by marching clubs for the various parades.

In Court of Patriotism, surrounded by a lavish display of roses, stands a large replica of the Statue of Liberty, made entirely of flowers.

A patriotic pageant, in which the growth of human liberty from the granting of the magna charta to the present will be symbolized, is but one of the many features of the festival.

Pay Telephone Toll.

Don't overlook to pay your telephone toll before June 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, Secretary.

A Few Summer Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles For Making a Success of the Home Vegetable Patch.

III. PROPER THINNING OF GARDEN PLANTS IMPORTANT

Do not allow garden vegetables to crowd each other in drills or rows. This is a bit of timely cultural advice offered to home gardeners by specialists of the United States Department of Agriculture. Unless each plant has adequate room for development and a chance to receive all the sunlight, air, moisture and plant food which it needs, the specialists point out, it will be stunted and its contribution to the food supply of the family therefore will

be low in quantity and inferior in quality.

It is well enough to plant seed more thickly than the plants should grow, to allow for faulty germination and losses, it is explained, but the mistake of allowing the crops to grow as thickly as they come up must not be made. A good time to thin out surplus plants is a few weeks after the plants have come up, when they have become large enough to show which are most

thrifty, and before they have begun to crowd seriously. Wherever possible, the thickest plants should be left.

In thinning lettuce and beets, some of the best rooted plants may be set out to fill up any spaces which may have occurred in the drills. Lettuce also may be permitted to grow fairly large before thinning, and the surplus plants eaten. The plants should be from 2 to 3 inches apart at the first thinning, and before the plants crowd a second thinning should be made which will leave the plants from 6 to 8 inches apart. The plants removed at the second thinning should be large enough for table use. Garden beets should be gradually thinned to 6 or 8 inches apart, the plants pulled being used for greens. For this purpose the whole plant is used. Young turnips may be used in the same way.

Radishes usually are not thinned until they are large enough to be eaten. Radish tops also may be cooked as greens or, if especially tender, may be used in salads. If

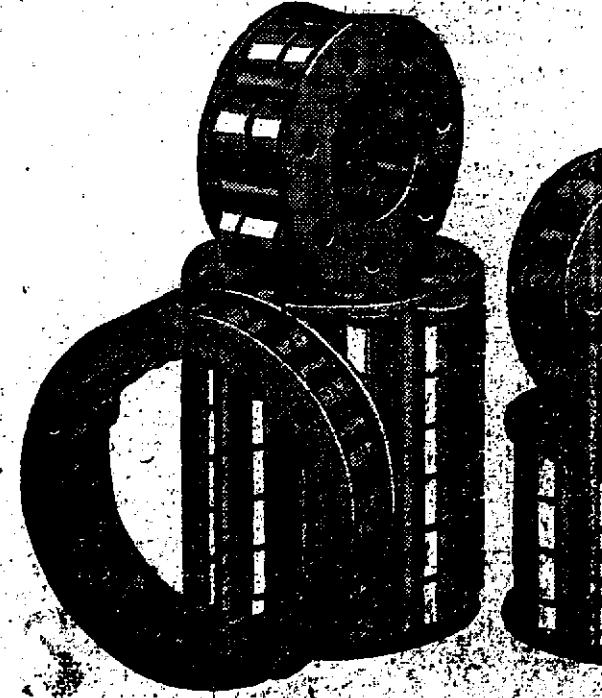

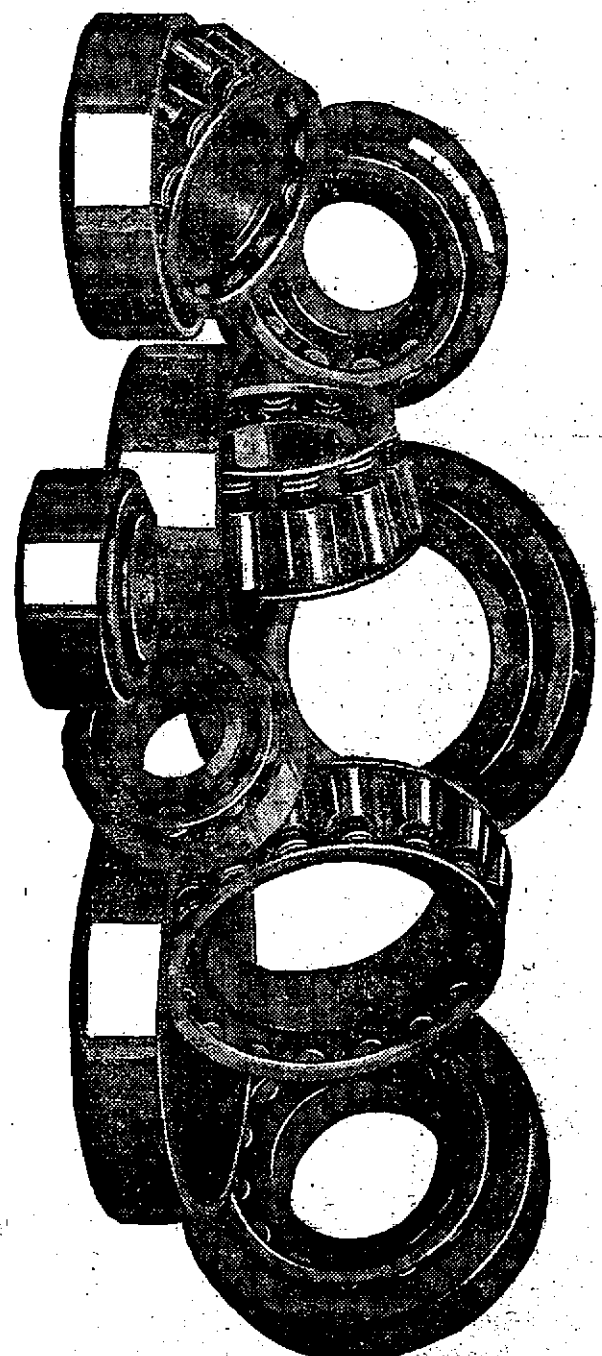

radishes have been planted to mark drills of parsnips, carrots or other slow-growing vegetables, they should be removed before they crowd the permanent occupants of the drills.

Onions should be thinned before they reach a quarter-inch in diameter, and should be left about three inches apart.

Turnips, carrots, parsnips and beets usually are left 3 to 6 inches apart. If they are to be harvested while fairly small they may stand somewhat closer.

Thin hills of muskmelons and cucumbers to 3, or at the most 5 plants. Only 2 or 3 pole beans should be left to each hill.

In all thinning operations choose, if possible, a time when the ground is mellow so that little damage will be done to the plants that remain. If the ground surface about the plants to be thinned is hard, wet it thoroughly long enough before operations are begun to allow the moisture to soak to the ends of the roots.

Reo Bearings Are "50% Oversize"

HEREWITH WE SHOW THE BEARINGS—Timken and Hyatt "Quiet" types—that go into Reo the Fifth.

NOT FULL SIZE HOWEVER—space doesn't permit. Cuts show them less than 5/8 actual size.

YOU KNOW WE SAY we put "50 per cent oversize" in all vital parts of Reos—such as engine, crank shafts, cam shafts, axles, driving shafts, gears, bearings—yes, even the spokes in the wheels.

WELL, HERE'S SOMETHING interesting in that connection.

RECENTLY WE MADE a little investigation—comparisons between the bearings we use in Reo the Fifth and bearings used in other so-called "five-passenger" cars selling for about the same and lower prices.

NOW THERE WASN'T 25 PER CENT difference in price between the lowest and Reo—not 10 per cent in the case of some others. But—

WE DID FIND—and it surprised us too, even as it will astonish you—that Reo bearings were not only "50 per cent oversize"—50 per cent greater in carrying capacity according to the makers' own standards and estimates—but that, in practically every case, the difference was as 2 is to 1, and in others 3 to 1, 4 to 1, 5 to 1, and even 6 to 1—in favor of Reo.

AND THE SAME IS TRUE of the New Reo Six by comparison with the light, flashy, "flimsy" Sixes of which you hear so much nowadays.

IF YOU DON'T BELIEVE they are "light" just compare the size of bearings they use with the great big bearings (Timkens, and Hyatts too, each where best calculated to do the work) you'll find in the \$1250 Reo Six.

PRICE IS SUBJECT to increase without notice—but Reo quality never changes. From the first it has been and always will be "The Gold Standard of Values."

URGES SUPPORT OF DICK ELLIOTT

Byram C. Robbins, Defeated Candidate in Convention Here, Thanks His Supporters

HE PRAISES THE NOMINEE

Says he is Man of High Integrity and Strong Ability and Will Represent District Well

Richmond, Ind., June 13.—In a letter addressed to The Palladium, Byram C. Robbins, whose candidacy for the Republican congressional nomination was supported by the big majority of the Wayne county delegates to the Rushville convention, expresses his gratitude for the devotion of his supporters and urges the election of the Republican nominee, Richard N. Elliott of Connersville.

Robbins is attending the officers' training school at Fort Benjamin Harrison. His letter follows:

To the Editor of the Palladium: I desire herewith, through your paper, to express my most genuine gratitude and appreciation to all my Wayne county friends for their loyal and unselfish efforts in my behalf for the Republican nomination to congress.

"This I do, not perfunctorily, but with very real feeling and assurance of hearty remembrance. Wayne county's evidence of belief in me and the widespread devotion of my friends banishes disappointment. That, after one of the hardest fights in the history of the sixth district, I was not nominated is, in comparison, of little consequence.

Without malice toward any man who opposed me, and with confidence in a united Republican party, completely free from bitterness or factions, I appeal to the voters of Wayne county and the sixth district to support Richard N. Elliott, the Republican nominee. He is a man of high integrity and strong ability and he will represent our district ably and patriotically.

The Democratic nominee, Finly H. Gray, no man may assail personally, but his record in congress demands his overwhelming defeat and the emphatic disapproval of the district. He will seek election as a supporter of the president, but his record in congress discloses, among other things, that upon great non-partisan questions of high patriotic importance and national need, akin to questions now vital to the country, he, both by vote and speech, opposed recommendations of the general staff of the army, and supported measures opposed by the president and the general staff of the army.

Democrats as well as Republicans, should join in his emphatic defeat. A vote for Elliott is not only a Republican vote; it is a vote to sustain all great non-partisan measures of national need and importance.

BYRAM C. ROBBINS.

CANDIDATES ARE ALLOWED TO RETURN

Seniors At Fort Harrison Permitted to Attend Commencement Exercises At Wabash

ADDRESS BY ARTHUR BROWN

Crawfordsville, Ind., June 13.—A military air was given the commencement exercises of Wabash college here today by the attendance of a large number of students who are now wearing Uncle Sam's uniform in various lines of service.

Seniors who have been attending the officers reserve camp at Fort Benjamin Harrison, were allowed to attend the exercises. They left the fort on a special car at noon and will have to return by tonight.

Only thirteen of the members of the entire senior class finished the school year, the remainder leaving for service. Those who gave their services to their country, however, were awarded their honors the same as if they had completed the required course of instruction.

The exercises were held late this afternoon in the college chapel. The address was delivered by Arthur Judson Brown of the class of 1880 who resides in New York city.

KILBANE HELPED UNCROWN WELSH

Followers of Game Believe Beating He Gave Englishman Aided New Champion

LEONARD HAD EASY TIME

Welsh Was Better Man Against Kilbane Than When He Started Against New Yorker

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, June 13.—The terrific beating doled out to Freddie Welsh when he met Johnny Kilbane in New York probably is as much responsible as anything for the fact that Benny Leonard is now lightweight champion of the world.

Jimmy Dunn believes it, Kilbane is certain of it, and more than one follower of the fist game is inclined to believe there is something in it.

It is undeniably true that Welsh received a thorough pasting from Kilbane, and it is also an unchallenged fact that Welsh was faster in his blocking and had more speed when he started with Kilbane than when he met the New York lightweight.

Kilbane hit Welsh everywhere except right on the spot that Welsh always had kept covered until he met Leonard. If Kilbane had been given the same opportunity for victory that presented itself to Leonard he probably would be wearing a crown on each angle of his curled locks.

"The only thing I am sorry for," Kilbane declared after he had seen Champion Welsh uncrowned, "is that I wasn't in there instead of Leonard. I don't want to take any credit from Leonard. He's a grand little scrapper. But I certainly believe I would have finished Welsh that night quicker than he did. I started Welsh to oblivion and Leonard finished the trick."

Dunn declared Kilbane a much better workman in the ring than Leonard.

Kilbane is a one-punch knock-out, he declared, "and Leonard is not." If Kilbane had been in the ring with Welsh the night he lost the championship instead of Leonard, you wouldn't be hearing any arguments as to whether or not the referee erred in not counting over Welsh. Mr. Welsh would have been on the floor and he would have been carried to his corner if Johnny had landed on his head. Believe me, that's right. If you don't believe Kilbane hits that hard you might ask George Chaney."

The argument over which of these champions is the more sudden finisher and whether one is really so much better than the other probably will soon be settled, for arrangements are being made to bring them together. The match probably will be pulled off July 4, either in Ohio or New York.

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength). This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

HOME FOLKS TESTIFY.

Port Wayne, Ind.—"I have been made most comfortable by the use of Dr. Pierce's Anuric Tablets. When I started to take this medicine my right kidney pained me at each excretion and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—Mrs. S. J. Roberts, 917 Cottage Ave.

east of this city last evening. Live-ly rounds of 500 were used as a diversion for the guests. A luncheon was served at the close of the evening.

Mrs. Charles Green entertained a number of friends with an informal party, yesterday afternoon at her home in West Fifth street, in honor of Mrs. Henry Osterman of Seymour. A delightful afternoon was spent over 500 and refreshments were served.

The Woman's Home Missionary society of the M. E. church will meet with Mrs. Lafarra, 122 West Fourth street, tomorrow afternoon. As there will be an election of officers a large attendance is requested to be present.

Complimentary to Mrs. Paul Colvin of Aegan, Mich., Mr. and Mrs. Henry Gregg entertained with a six o'clock dinner last evening at their home in E. Eighth street. A pink and white color scheme was used in all of the appointments and covers were laid for Mr. and Mrs. James Gregg and Mrs. Colvin.

A six o'clock dinner was given by Mr. and Mrs. Harry Kramer, last evening at their home in West Third street, proved to be a delightful affair when about thirty guests were entertained. Masses of pink and white peonies and roses were used in the home for decoration.

The Sorosis club were entertained with an all day affair, yesterday at the home of Mrs. J. E. Walther in Glenwood. Sixteen members and three guests, Mrs. Estella Ochiltree and daughter Doris of Connorsville and Mrs. Link of Glenwood were in attendance. At noon a sumptuous pitch-in dinner was served. In the afternoon the following program was carried out: "Our Grandmother, Our Mother and Our Own" was a paper read by Mrs. McCampbell; Miss Jessie Jeffrey talked on "Education in 1816 and 1916"; and "The Brown Mouse" was the title of the paper read by Mrs. Newhouse. This was the last meeting of the year and programs for the coming year were distributed. The first meeting will be in September.

None of the meetings of the O. N. T. club of the year surpassed the one yesterday, when the members were charmingly entertained by Mrs. Robert Mansfield, for her mother Mrs. J. K. Gowdy, at her home in

Rush Co. National Bank

North Morgan street. During the afternoon, each member gave a quarter toward the "Wool Fund" for the Red Cross, the members including Mrs. Gowdy, Mrs. Mansfield, Mrs. Lon Havens, Mrs. George Havens, Mrs. J. W. Hogsett, Mrs. Belle Wilson, Mrs. George Osborne, Mrs. Rachael Bowen, Mrs. R. H. Jones, Mrs. William Gordon, Mrs. A. C. Brown, Mrs. Anna Churchill, Mrs. Fanny Smith, Mrs. George Young, Mrs. George Moore, Mrs. Anna Beachbard, Mrs. Sam Young, Mrs. William Allen and Mrs. Susan McGlin. The wool will be used to knit socks for the soldiers and an instructor will be present at the next meeting in two week with Mrs. J. W. Hogsett, to teach the ladies to knit. After other minor business matters were settled, the afternoon was spent over needlework. Late in the afternoon the guests were invited to the spacious veranda, and a dainty tea was served.

Amusements

"The Wheel of the Law" is the title of the feature picture at the Princess tonight. Emily Stevens is featured and it is said to tell a story of unusual interest. "Pathe News" will be shown in addition to this feature. Thursday Mrs. Vernon Castle will be shown in the last chapter of "Patria." "A Poor Little Rich Girl" the attraction at the Princess Friday should charm everyone that sees it regardless of age, and teach a moral that it well worth learning. With the inimitable Mary Pickford is the stellar role and staged by a master, this subject will strike a chord of favor among the young and old alike for its power to entertain, educate and surprise.

The Lyric offers the two reel feature "The Black Rider of Tarajara" for the first picture tonight. It is an adventure of "The American Girl" series. "Not in the News" is the title of a two reel drama and the program will be concluded with a comedy. Margaret Gibson and William Clifford will be seen tomorrow in a two act drama.

For You

Free delivery; it's yours, why not have it. Telephone Johnson's for your drug wants; they will be completely filled, and promptly delivered, no matter when, no matter where. We deliver to any part of Rushville. No order too small to be delivered.

Notice of Final Settlement of Estate.
Notice is hereby given to the creditors, heirs and legatees of Mary J. Connor, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 12th day of June, 1917, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.
Witness, the Clerk of said Court, this 21st day of May, 1917.
GEO. B. MOORE, JR.,
Clerk Rush Circuit Court.
J. D. Conner, Jr., Attorney.
May 22-29-June 5-12

Gary, Ind., June 13.—Max Bodovinar died as the result of being bitten on the thumb during a fight with an other man. Blood poisoning set in.

AMERICANS JOIN BRITISH FLYERS
Unable to Enlist in American Service Because of Rush They Go to Canada
SCHOOLS THERE EQUIPPED
(By United Press.)
Washington, June 13.—Numerous Americans unable to join the United States Aviation Corps because of the rush of applications, are going to Canada to enlist in the Canadian Flying School at Toronto, army officials declared today.
The Canadian aviation schools are equipped to receive the Americans who pass satisfactory physical examinations. Americans now at the Toronto school have been assured early assignments to the Royal Flying Corps.

MIGRATION IS CONSIDERED
Influx of Negroes Assumes Serious Proportions
Pittsburgh, June 12.—The last day sessions of the Forty-fourth Annual National Conference of Charities and Correction here were devoted to discussion of problems presented by increasing negro migration into northern cities.
Speakers at the "round table session" declared the "On to the Cities" movement among negroes has assumed large—perhaps threatening—proportions.
The general "farewell" session tonight will be devoted to "The Organization of Public Welfare Work of a State." Governors Brumbaugh of Pennsylvania, Lowden, of Illinois, and Manning of South Carolina, will speak.

Liberty Bonds Are Direct Government Obligations
Secretary of the Treasury McAdoo makes the following statement:
"A number of letters have been recently received at the Treasury Department inquiring whether or not the Liberty Loan Bonds are obligations of the United States Government. I am surprised that there should be any misunderstanding on this point. The Liberty Bonds are United States Government Bonds. They are the direct obligations of the United States Government and the honor and the resources of the American people are the security therefor. They are called Liberty Bonds because their proceeds are to be dedicated to the cause of human liberty."
—Mrs. Ruth and Miss Helen Crawford were among the visitors to Indianapolis today.

TRENCH TALES
London, June 13.—An instance of German "Kaiser hunted" was described by a wounded engineer.
"In a house in one of the villages we captured a few days ago, that had evidently been some kind of a headquarters, there was a large picture of the Kaiser on the wall. Several German prisoners were brought in the house. One of them on seeing the Kaiser's picture spat on it. We asked him why he spat on the picture and if he was a Saxon.
"No Englishman," he replied.
"I'm a Prussian, but I'm fed up, and he's the devil who started this."
—Mrs. S. G. Rucker visited in Indianapolis today.

**PATRIOTIC, CHRISTIAN DUTY
OF EVERY PERSON DONATE**

Continued from Page 1.
men who will inspire confidence in the people who will be asked to contribute liberally to the Red Cross fund. These men, realizing the seriousness of the situation have volunteered their services during the

war, and are serving their government for purely patriotic reasons, none of them receiving or expecting any compensation.
Of the \$100,000,000, asked for in the special fund, the campaign for which will begin on June 18, New York city has agreed to raise \$40,000,000, leaving sixty millions for

the rest of the country. The amount apportioned to Rush county is \$10,500, about fifty cents per capita of the population of the county. This is a small sum, and there should be no difficulty in raising the amount.
So far no citizen of Rush county has made any sacrifice in this war,

and the majority of them have contributed nothing to a fund for national protection or defense. It is the personal, patriotic and Christian duty of every citizen of the republic to do his or her share in this war, and those who cannot go into the ranks, or behind the guns, can stand behind, and support with their means and moral encouragement, the men who are doing the fighting. And one of the most effective means of rendering this service is through the Red Cross, which is the great humanitarian arm of the government service, following as it does in the wake of war, alleviating the suffering of the wounded, sick and afflicted soldiers.

Every life saved in the armies of the allies, every wounded soldier promptly nursed back to health, where he can again take his place in the trenches, is a life saved for America, for the decimated ranks of the allied armies will soon have to be filled by the boys from the United States, who will be exposed to the bullets of the enemy. And when the troops now being trained in this country, included in which are some of your sons, and brothers, and relatives and friends, and neighbors, take their places on the battle front in Europe, the matter will become a personal one. Then the American people will realize the seriousness of the situation, and the importance of preparing for the caring of the soldiers fighting this war, the conservation of their lives, and the alleviation of their sufferings.

These are some of the objects, purposes and plans of the Red Cross, the greatest and most efficient organization ever created for the alleviation of human suffering. Every dollar contributed to the Red Cross fund will be expended in the most economic way, through an organization whose ramifications and activities extend to every part of the civilized world.

The designation of the committee having in charge the raising and the expenditure of this special fund, as The American Red Cross War Finance Committee, does not mean that the money raised in the campaign beginning on June 18 is to be used for general war purposes, but will all be expended through the American Red Cross Society, in caring for the wounded, and combating diseases, such as tuberculosis, etc., which are now decimating the ranks of the allied troops because of lack of sufficient medical and surgical attention and the necessary supplies for proper and prompt treatment.

The ten teams appointed by the chairman of the Rush county chapter to canvass Rushville, and the committees named to solicit in the various townships in the county, will visit every citizen in Rush county, and every one will be urged and expected to give something. There are very few persons who cannot give to this humanitarian cause, and any one who is financially able, and refuses to respond to this urgent and important call, should take an invoice of his patriotism, and his relations to the flag, whose protection he enjoys.

People who are too absorbed in their personal affairs, too selfish to listen to or heed the call for help from our allies, now bending to the breaking point under the burden of this great conflict, should reflect upon the fact that, if Germany wins this war, they will have no business to attend to after it is over; they should think seriously of the fate of Belgium, of Serbia, Montenegro, and Roumania, and what might happen to America.

We have got to build a wall of protection or prepare to suffer the consequences of a prolonged war, which will probably extend to our own country. The first essential in this defensive plan should be, (aside from questions of military service) assistance to the Red Cross. No excuse, no procrastination should be offered or permitted.

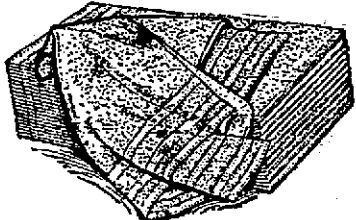

This is no time for any man to say that he cannot give to the Red Cross, that the call is inopportune. War is inopportune, horrible, hideous and hateful. It is inopportune that millions of men are dying and suffering that democracy may live; that the stars and stripes may remain as the symbol of freedom, and the emblem of democracy; it is inopportune that millions of women and children in Europe are homeless, miserable, hopeless and starving, because of this inopportune war.

Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the construction of cement sidewalks on Cherry street from Eleventh street to the first alley north of Twelfth street, on east side of said street, according to the drawings, plans and specifications now on file in the office of the City Clerk until 7:30 o'clock p. m. on the 3d day of July, 1917.

Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$1000) dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and re-advertise for said work.
